Council Proceedings

The shortest session of the present city council took place Tuesday night. Business before the house was slight and for the most part unimportant. All members were present with Mayor Couch, fresh and triumphant from his recent deer hunt, presiding. The first matter to be disposed of was a petition from the water company asking for permission to pile wood on the street opposite their pumping station, which was granted. A remonstrance against this permission, filed by R. E. McIntire on behalf of J. J. Randall, was read and referred to the street committee.

A fire hydrant was ordered installed at the corner of South Jersey and Burr streets.

A portion of Macrum avenue and South Jersey street from Mohawk to Buchanan street was accepted by the council.

Councilman Horsman stated that he did not believe in removing inspectors from one street and placing them upon another before the first contract had been done; that he knew of instances where this had been done; that all street inspectors should be compelled to stay on the streets assigned them until they had completed their satisfactorily; that it was hard to keep track of their time otherwise. Alderman Perrine believed that it was the duty of the engineer and the various street inspectors to meet with the council every evening, so that any desired information could be obtained first hand. He made a motion that they be demanded to attend every week, which carried unanimously.

The viewers' reports on the proposed opening of Crawford and Bradford streets were received and November 14th was designated as the time for hearing any objections that might be made thereto, on motion of Alderman Hill, which carried unanimously.

An ordinance prohibiting smoking on the city docks was passed on motion of Alderman Horsman; all yes.

A plat of Wilmer addition, lying between Olympia and Fessenden streets, was accepted on motion of Alderman Valentine. Mr. Hill, however, vigorously opposed the acceptance, owing to the fact that provisions had been made for 40-foot street only; he stated that he would never favor less than a 60-foot street.

Mr. Hill believed that the city should have the dirt removed from the Edison street sidewalk at Pittsburg street, and that the bank should be leveled off. He made a motion to this effect, which carried unanimously.

Complaint having reached the council that a stagnant pool had formed at the rear of the St. Johns laundry, matter was referred to the health committee to have same abated.

Caught Big Ones

Dan Williamson and Lewis Miller spent last week with W. L. Markle on his ranch on the White Salmon river, Washington state. Stories of the large trout that had been captured in that vicinity made their Izak Walton blood reach a fever heat, and they decided to try their luck. They spent almost the entire week with a rod in hand, and the result was far beyond their fondest expectations. Dan captured the largest trout of the Rainbow variety, measuring 30½ inches in length and weighing 73.4 pounds. Lew succeeded in getting two a trifle smaller than this one. Besides the large trout they captured hundreds of smaller ones, ranging in size from six to 14 inches. They both claim that part of the country to be a veritable sportsman's paradise, and say they never enjoyed themselves so much in their lives. The large fish was on exhibition at the Review office Saturday morning, and attracted considerable attention. It took the boys half an hour's hard struggle to land the big ones, but they do not begrudge the time it took to get their victims out of the water. Dan presented the editor with a couple of nice slabs of the large trout, and we found it most delicious.

M. W. Vaughn and family have returned from a three months' stay at their old home in Redding, Mich. Mr. Vaughn reports times rather slow in the East, especially so in Southern Kansas, where he made a short visit. Here a four years' drought has occurred, the one of the past year being the worst of all, and the corn crop is an utter failure. They were glad to return to St. Johns.

The Library

Open Hours: 1:00 to 5:30 and 7 to 9:30 p.m.

Report for the month of October:
Number of books circulated.....2462
Per cent of fiction.....53
Attendance—adult.....1409
 juvenile.....1476
Total.....2885
Applications for new cards—adults.....46
 juvenile.....50
Total number of applications.....96

The report shows a larger adult attendance than during any previous month. There was also a material increase in the per cent. of non-fiction books circulated, giving evidence of a tendency to more serious reading as cooler weather sets in.

It has been said that the best educated man is not the one who knows the most facts, but he who knows where and how he can secure those facts promptly when needed. The person who prides himself on his good memory often makes a storehouse or garret of his mind, stuffing it with all kinds of curious and unwieldy pieces of knowledge, painfully acquired and rarely used. Set your mind at work at more useful pursuits and let the library be your storehouse of facts and figures. Its reference collection has this week been strengthened by the addition of Nelson's Encyclopedia in 12 volumes. It is an up to date work, unusually well illustrated, with many colored plates, and will give excellent service both to the student and the man of affairs. Other books in the reading room which will be found useful for reference are:

World's Almanac and encyclopedia for 1911.

Dictionary of phrase and fable—Brewer. Giving the derivation, source, or origin of the common phrases, allusions, and words that have a tale to tell.

Curiosities of popular customs—Walsh. Describing rites, ceremonies, observances and miscellaneous antiquities.

New reference atlas of the world. A new series of physical, political and historical maps compiled from government sources.

Booster Meeting

Monday evening, November 13, has been designated as the time for holding a booster meeting for furthering the promotion of a live commercial club in St. Johns. The meeting will be held in the auditorium of the High school building, C. C. Chapman of the Portland commercial club will be present, besides several other good speakers from that organization. All are invited to attend and aid in the movement. The ministers of St. Johns are requested to announce the meeting from their pulpits. Arrangements are being perfected to make this meeting a lively one. Plans are not all completed yet, but there will be something doing Monday evening, November 13th, is assured.

W. R. C. Inspection

Editor Review: At the time of the H. B. Compson W. R. C. No. 52 meeting, Saturday, Oct. 20, 1911, at 2 p. m., they assembled in due form for inspection. Our inspector, a lady in the full sense of the word, was present with a number of other visitors; among them the lady who organized our W. R. C. So, of course, we were on our good behavior. Everything passed off pleasantly and after the session was over we enjoyed a lunch prepared by the W. R. C., consisting of coffee, cake, etc. After partaking of which we wended our way to our several homes smiling and contented to meet at our next meeting. —Press Co.

A big stock show will be held at the Portland Union stock yards next March, the dates being 18, 19 and 20. It will take \$6000 to pay the premiums. Considering there are no entry charges and no gate fees, this is a very liberal prize list. The event is the second annual Pacific Northwest Livestock Show, and is strictly educational in character. J. J. Hill and R. S. Lovett have consented to act as vice-presidents and M. K. Parsons, of Salt Lake City, Utah, is president. The show will be broader in its scope than heretofore, so as to include the breeding classes of cattle, sheep and hogs.

For pains in the side and chest dampen a piece of flannel with Chamberlain's Liniment and bind it over the seat of the pain. There is nothing better. For sale by all dealers.

HIGH SCHOOL LYCEUM COURSE

STROLLERS QUARTET

The Stroller Quartet filled 180 dates last year for the Redpath-Stayton Bureau without a single criticism. They will be here Nov. 11th.

Lively Musical Program

The Strollers Male Quartette will present a lively program of music, both vocal and instrumental, and when this company has come and gone it will be remembered as one of the most popular musicals that has ever been heard in this section.

The Strollers filled 180 dates last year for the Redpath-Stayton Lyceum Bureau without a single criticism. They have been out for four years and have grown better with each year. Their work, both in solos and ensemble, is excellent. In several renditions they appear in special costumes. In one number they are dressed in sailor uniform and in another they appear in Scots' dress. Mr. Longstreet, the elocutionist, adds still further to the evening's program. At the High school assembly room, Nov. 11.

Hallowe'en Party

A Hallowe'en party was given at the home of Mr. and Mrs. B. L. Byers, 402 East Mohawk, Monday evening, which was a very enjoyable event. The rooms were prettily decorated with yellow crepe paper streamers extending from the chandeliers to each corner. The streamers were uniquely trimmed with black cats, owls and witches, suggestive of Hallowe'en. Old fashioned games, fortune telling, songs and readings were enjoyed until about 10:30, when supper was announced. A bountiful repast was served, consisting of sandwiches, doughnuts, pumpkin pie, apples, grapes and coffee. Each guest received a napkin ring made of crepe paper as a souvenir of the occasion. Those present were: Dr. and Mrs. Olive, Mr. and Mrs. Skadan, Miss Marjorie Skadan, Miss Frances Duncan, Miss May Hughes, Mr. Huichison, Mr. and Mrs. Corwin Byers, Master Wendall Byers, Portland; Mr. and Mrs. Silas Call, Mrs. Lillith Call, Miss Florence Call, Master Clyde Call, Mr. and Mrs. L. B. Byers, Mrs. Inez Hoffman, St. Johns.—One of the "tribe."

Dollarhide-Simonson

Guy L. Dollarhide and Miss Violet Simonson were united in marriage Monday evening, Oct. 30, at the home of Rev. G. W. Nelson, the officiating minister. Frank Dollarhide, brother of the groom, served as groomsmen and his sister, Miss Pearl, as bridesmaid. The groom is the son of Mr. and Mrs. J. G. Dollarhide of this city, and the bride is the daughter of Mrs. Frederick Simonson of Portland. The worthy and happy young couple will make their home in Portland.

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERBINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by St. Johns Pharmacy.

A Splendid Orator

Senator Thomas P. Gore, "the blind man eloquent" of Oklahoma, is booked as one number on the High school Lyceum course.

Senator Gore is undoubtedly the most interesting figure in American public life. His position is unique. When he first ran for senator in Oklahoma, he was very little known and had less than \$75,000 in the attempt to be elected to the senate. Senator Gore with no other assistance than that given by his faithful wife, who traveled with him throughout the state, made a campaign, and by straight-forward, systematic work was overwhelmingly elected. He is, with one exception, the youngest man in the senate, but no man on the democratic side ranks higher in influence. A great many people are of the opinion that should a deadlock occur in the national convention, Senator Gore will be the democratic nominee for the presidency.

As orator, Senator Gore ranks high. His speech in the last national convention aroused such enthusiasm that it caused a demonstration lasting more than an hour. Senator Gore is distinctively a man of "eloquence" in its best and highest sense. He is a practical and scholarly student of political problems and a man of courage and of effective speech. As a result of these qualities, he stimulates thought and arouses the sleeping conscience and molds an audience as one man in their faith in high ideals.

The coming of Senator Gore to this city is an honor which should be appreciated. The committee having charge of the lyceum are to be congratulated on their enterprise in securing this distinguished statesman as a visitor in our midst.

Big Apple Show

One of the finest locations in Portland has been secured for the Oregon apple show, Nov. 15-18. It will be housed in the new Yeon building, corner of Fifth and Alder streets, and there is every indication that it will be a big success. The premium list has just been issued and is attracting a great deal of attention. Requests for space have come from far away British Columbia and well known fruit sections of the Northwest will be represented quite generally. In addition to prizes offered for the most perfect apples in almost any sized exhibit, is a special premium for 100-box lots, and another for 50-box lots, open to commercial organizations of fruit growers' unions in the Northwest. Cash amounting to \$500 is offered in the first class and \$275 in the second.

Rub a sore throat with BAL-LARD'S SNOW LINIMENT. One or two applications will cure it completely. Price 25c, 50c and \$1 per bottle. Sold by St. Johns Pharmacy.

Contracts Closed

Closing all contracts preparatory to the commencement of construction on the Portland factory of the Berlin Machine Works, in North Portland, President P. B. Yates spent a busy day in Portland Monday. While Yates was at Puget Sound the many documents required to put the 11-acre site in condition for the plant were prepared, and he signed and accepted them Monday.

The Lewis-Wiley Hydraulic Co. has the contract for making the necessary fill on the property. The entire site is to be brought up to a level safeguarding against floods. This will mean up to the grade of the Linnton highway on which the first unit of the factory will face. The railway switch connections for the plant will be made from the rear so that the attractive boulevard will not be marred in any way.

Steel structural material and pressed brick facings, which are the materials President Yates says will be used, are designed to make the plant fire proof and also ornamental in appearance. Each of the machines employed in the factory is to be motor-driven, which will remove the smoke nuisance common among big factories, so far at least as power development is concerned. Everything about the plant is to be strictly modern and sanitary, making the big factory a show place as well as a great unit in the community wealth.

Epworth League Notes

Those who missed the Hallowe'en social given by the Epworth at the home of S. W. Childers last Tuesday evening missed one more good time. There were songs, instrumental music recitations, readings, fortune telling, contests of different kinds and refreshments.

This month there is another social scheduled. Announcement will be made later as to its nature. Next Tuesday evening, Nov. 7, the regular monthly business meeting of the Epworth League will be held at the M. E. Parsonage at 8 o'clock. This will be a business meeting and social combined. Come on and enjoy yourselves.

The League is taking on new life and new members and in the near future will put on a mission study class once a month at the devotional meeting on Sunday evening at 6:30. Good leaders and good meetings. Come.

Better Car Service

It is reported on what is considered good authority that the pay as you enter cars will be put on the St. Johns run in a few days. Single cars will take the place of the present trailer system and the service made every 10 minutes, with a 40-minute schedule.

Color is given to the report by the facts that the present St. Johns cars are badly needed for the Vancouver service, and that many new St. Johns signs are being made in the shops. If true the change will be very acceptable to St. Johns residents, especially those who have to take the cars early and late because of being employed in Portland. A 10-minute service will give these people a much better chance to get to work on time. Credence is also given to the report because improvements have been made on practically every line in the city except St. Johns—Telegram.

It's "back to nature" with Geo. Simmons. You can no more keep him off the farm than you can keep the chickens from scratching. The place where George caught it this time is over in Washington, about 18 miles from Vancouver, four miles from Ridgefield and about three blocks from the boat landing where there is a daily ranch. He has a peach of a little ranch, he says. This year, from five acres of tubers, they took 784 sacks of fine tubers. And the Lewis River on which his ranch is located is a veritable sportsman's paradise. If Geo. doesn't become inoculated with the fever of the sports and go hunting and fishing every day he will be coming back to St. Johns in a few years for an occasional visit, traveling in his own whiz wagon. He will take possession of his new home at once.

For Rent—Furnished Flat—three rooms besides hall and bath—Furnished A1. See Cafet Bros. opposite postoffice.

Hewitt's Hallowe'en

That there was a jolly Hallowe'en party where the following bunch congregated Tuesday evening goes without saying, because they constitute that kind of a bunch. If any one tells you he can attend a social function with this bunch at H. S. Hewitt's home and not have a jolly time, tell him he is a past master in the Annanias club, for he can't and that's the truth.

The piece de resistance of the evening was the classical game of 500 and p-pu-pumpkin pie. Who carried off the honors and the most pie deponent sayeth not; but they shuffled the pasteboards until the witching hour and then each took the witch that had charmed him most and hiked to his home with a warm spot in his heart for Br'er and Sis Hewitt, because of the happy evening's entertainment they had provided.

Those present were: Mr. and Mrs. Thompson, Mr. and Mrs. Boyd, Mr. and Mrs. Learned, Mr. and Mrs. Day, Mr. and Mrs. Hill, Mr. and Mrs. Gammel, Mr. and Mrs. Bicknase, Mr. and Mrs. Derric, Mr. and Mrs. E. Monahan, Mr. and Mrs. Hall, Mr. and Mrs. Rambo, Mr. and Mrs. Gillmore, Mr. and Mrs. Gray, Mr. and Mrs. C. Hewitt, Mr. and Mrs. H. S. Hewitt, Mr. and Mrs. Haines, Mesdames Robinson, Downey, Learned, Misses Gammel, Hewitt and Bicknase.—One who heard all about it.

Transferred to Marshfield

Elder C. J. Cole, who has had charge of the Adventist work in St. Johns for the past two years, has been transferred to Marshfield, and will leave for his new home tomorrow. A farewell party was tendered the elder and his wife at their home on North Fillmore street Sunday evening. R. Hurlbert, on behalf of the congregation, presented the couple with a tablecloth and set of napkins. Those present were E. D. Hurlbert and wife, D. J. Sellard, wife and Miss Sellard, Eugene O'Hara and wife, A. A. Alsborge, wife and daughter, James Brooks and wife, J. B. Fletcher and wife, Mrs. Thornton, Mrs. Benke, Mrs. K. C. Couch, Miss Louise Couch, Mrs. J. Mortenson and Miss Eliza Cole.

Things to Work For

A few suggestions for the new commercial club that is about to take on a lease of life—things to work for:

More industries.
A roadway and trolley line to Swift territory.
The Philadelphia street dock under lease and occupancy.
A cemetery in St. Johns.
The Mount Hood trolley line in this city.
A public park.

The Inwardness of Piles

The cause is inside. Use Hem-Roid, the inward medicine. Inward treatment is the secret of the successful cure of the piles, HEM-ROID, sold by St. Johns Pharmacy and all druggists under a strict money back guarantee of satisfaction.

HEM-ROID (Sugar-coated tablets) acts inwardly, and enlarges up circulation of blood in the flabby swollen parts, curing permanently where salves, etc., only give relief. HEM-ROID costs but \$1 for 24 days' medicine. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

If you can't boost, don't knock. Be either a "bump-on-a-log" or a booster. A bump on a log is good to hang on to if you can't swim, but a knocker isn't worth a tinker's dam anywhere for anything. The devil won't have him, because he's so green he won't burn, and he can't get into the other place, because nothing that is evil may enter there. Darn a knocker anyway, he always will be a maverick—Dad.

"Bim," one of the jolly Bachelor boys, writes to "Foxy" from his old home in Ironwood, Mich., sending greetings to his friends here. "Bim," otherwise A. E. Johnson, played "Mephisto" at the Peninsula Iron Works until a few weeks ago, when he trekked for home and mother. "Bim" is a good, quiet lad and there is a big bunch in St. Johns will be glad to welcome him back, they hope, in the near future.

Threw His Cane Away

R. E. McIntire, after carrying a cane for the past six years, and during that time had never been free from pain, yesterday threw his walking stick away as a useless appendage. The transformation was wrought through the ministrations of Dr. A. S. Douglass, whose efforts from the first, when Mr. McIntire was about to be conveyed to a Portland hospital, but was finally induced to try this chiropractor's treatment in which he had no faith, were eminently successful. Mr. McIntire says he feels no pain whatever and his cane is a nuisance. His friends were surprised to see him stepping around as lively as a young man, many of whom hardly expected him to get on his feet again. This is not a medical advertisement, but a statement of fact.

Southern Oregon coast country has a unique sport found nowhere else in the state. This is hunting wild hogs, the season for which is now beginning. Curry county people go back into the hills some distance from the coast and shoot enough hogs to furnish a season's supply of bacon and hams. The hogs get fat in the fall of the year on acorns from oak trees in the Curry county forests. The animals are fierce enough to furnish real sport for the hunters.

Crater Lake may be included in a big national park, similar to the Yellowstone or Mount Rainier parks. A movement has been started to set aside the lands surrounding the lake in a national reserve and Secretary Fisher of the Interior department, is said to be favorable to the proposal and will incorporate it in his recommendations to the next session of congress.

First Christian Science Society:—Sunday 11 a. m., Wednesday, at 8 p. m. Reading room open Tuesday and Saturday from 2 to 4 p. m. All cordially invited to the services and reading room. Sunday service November 5, subject: "Adam and Fallen Man."

There is little danger from a cold or from an attack of grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won a great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by all dealers.

First Baptist Church—Sunday school 10 a. m.; Morning worship 11 a. m.; B. V. P. U. 6:30 p. m.; evening worship at 7:30 p. m. Subject of sermon—morning service: "The King's Highway." Observation of the Lord's supper. Evening—"A Harvest Lament." The Baraca quartet will sing. Everybody invited.—H. F. Cheney, pastor.

Mayor K. C. Couch succeeded in killing three deer near Forest Grove during the past week, and brought home with him two of the finest prongs seen in a long while. The mayor proved that his aim is still good as it used to be as he killed all he saw. On account of the warm weather he was unable to bring as much venison home with him as he desired.

The ladies aid of the Christian church will serve dinner during the Teachers' convention here Monday, Tuesday and Wednesday, Nov. 20-22. Place will be stated later. Be sure to work up a good appetite, for they will have a good feed.

The St. Johns Dairy Produce Co. at 206 North Jersey, is now better able than ever to supply the wants of their patrons. Come and see. Telephone Col. 194. 52-3

SUMMONS

In the Circuit Court of the State of Oregon for Multnomah county.
Jesse J. Pratt, plaintiff, vs. Guy A. Pratt, defendant.
To Guy A. Pratt: In the name of the state of Oregon you are hereby required to appear and answer the complaint filed against you in the above entitled court and cause before the 15th day of November, 1911, six weeks from the day of the first publication of this summons.
If you fail to appear and answer the plaintiff will take judgment against you for want thereof and for the relief as prayed for in her complaint, on file herewith, which reference is hereby made and more particularly as follows:
For judgment against you and a decree dissolving the bonds of matrimony now existing between you and the plaintiff, Jesse J. Pratt, and for the custody of your child, Dick Allen Pratt, and for such further relief as the court may deem meet in the premises.
This summons is served by publication by virtue of an order made by the Hon. Wm. Gates, judge of the above entitled court, and dated October 2nd, 1911, to be published in the St. Johns Review, a newspaper of general circulation in said county and state.
JAS. S. STRICKLER,
Attorney for Plaintiff.
Corner Albina and Killingsworth Aves., Portland, Oregon.
Date of first publication, Oct. 6, 1911.
Date of last publication, Nov. 3, 1911.
