Work for a Greater St. Johns.

Firemen Celebrate

The fire department held high jinks at their quarters in the city hall Tuesday evening. It was election and installation of officers and New Year jubilee all rolled into one. There was boxing, feasting, music and speeches galore. When

B. F. NOONAN, THE NEW CHIEF.

council 'let out' at a rather early hour, representatives of the department gathered the willing dads and quill drivers in and 'forced' them to participate in the festivities. The following officers were elected and installed:

Chief—B. F. Noonan.
President—W. E. Ashby.
Secretary—Ross Walker.
Treasurer—H. L. Wright.

Three interesting four-round boxing bouts were pulled off. Charley Early and Jack Etheridge had the first go at it, and it was fast and lively from start to finish. Wynn Manning and Prof. Frank Ely next entertained the audience with some artistic boxing. H. L. Wright and James Walls mixed together in fine style in the concluding bout, each of which was declared to be a draw. G. L. Perrine, F. W. Valentine, P. A. Rice and others made complimentary remarks concerning the work of the department. The table was loaded with the things that make glad the inner man. The affair was a splendid success, and the boys fully sustained their reputation as a jolly, whole souled and congenial aggregation.

The St. Johns Business Men's association met in the city hall last night and combined business with pleasure. A little banquet of oysters, sandwiches and coffee added much to the enjoyment. Several good stories were told that enlivened the occasion. The association is progressing finely and becoming stronger all the while.

A Word of Cheer

The following cheerful greeting was received by a St. Johns business man from the secretary of an association of which he is a member. Surely some "go" to it.

Tacoma, Wash. Dec. 28, 1911.
Brother Harnessmaker: Are you ready? Can you handle it? Prepare yourself now; in time of peace prepare for war. It is coming and nothing can or will stop it. You ask what? Why BUSINESS. The year 1912 will experience the greatest prosperity the Pacific Coast states has ever known. Now, Brother, take my word for it 1912 will be the best business year you have experienced. You will be unable to obtain sufficient help and you will be unable to purchase enough made up work to supply one half your demands, before the year is half over. Get ready now to prepare for the business because it is coming as sure as night follows day. Keep this letter of warning until our meeting in 1913 and you will discover that I did not even begin to present half the truth of the situation. Prepare for action; get your business in shape to handle the coming trade. Don't knock for you can't stop it. You'll tell me so about August 1912. If you are feeling down in the month, think of Jonah, he came out all right. Truthfully yours,
A. F. Hoeka, Sec. & Treas.

E. C. Hurlbert, who recently purchased an acre or so of ground on Willamette boulevard, near the North Bank cut, has traded the greater portion of same for \$4000 worth of merchandise, which he offers to dispose of at a bargain. He accomplished some high finance on this piece of ground. He agreed to buy it for \$1800, \$100 down and balance in monthly payments of \$10 a month. Before he had paid any money down he sold three sevenths of the piece for \$1200, \$500 down. The balance he traded for the \$4000 worth of merchandise. It took about six weeks to make these deals and he didn't spend a cent of his own money.

Mother's meeting will convene at the home of Mrs. J. C. Scott Monday afternoon, January 8th, at 2:30. All mothers of the W. C. T. U. and their friends are most cordially invited to attend. The program will be of special interest. Our beloved president having returned from an extended trip East will no doubt have much of interest to relate, and Mrs. Malet of Portland, an able speaker, has a part in the program. Mrs. Keeler of St. Johns has charge of the music. It is hoped all members will be able to attend.—Press Cor.

Watch Meeting

The watch meeting at the M. E. church was attended by a large and attentive crowd. The hours passed all too rapidly. Rev. Patton began the program with a sermon on tower building. At 9:30 p. m., about forty of the young people from University Park arrived accompanied by the pastor, Rev. Douglas and his deaconess.

The program by the Women's Home Missionary society was both educating and inspiring. The superintendent of the Methodist Deaconess' home of Portland gave the principal address. The program was brought to a close by a lively joint meeting of the local Epworth League and the young people from University. All who attended gave their testimony as to a most excellent and profitable evening.

The local church with the various departments enter the new year thoroughly alive and determined to give the members and friends of the church the best year possible. All are cordially invited to worship with us.

Epworth League monthly business meeting and social will be held at the Methodist parsonage Tuesday, January 9, at 8 p. m. All are invited to attend.

The deaconess from the University Park M. E. Church will address the W. H. M. S. of the St. Johns M. E. Church at the Methodist parsonage, Friday at 2 p. m. January 12. Come and bring a friend.

Gilbert Ward was moving his oil stove from one lodging place to another last Friday morning before daylight and tripping over a kink in a cable that lay in his way received a severe fall. He carried the stove in one hand and a bundle of papers in the other, and in trying to prevent injury to these he fell with all his weight on his right knee bruising it so badly that he was laid up for several days.

The contract for the free ferry to operate between St. Johns and Whitwood was let Tuesday, the contract for the hull going to the Portland Shipbuilding Co. The St. Johns Shipbuilding Co. was over \$4000 higher than its competitor. The contract complete was given at \$23,450. The boat is to be completed in three months.

In taking an inventory of our large stock, we find that we are overstocked, and in order to make room for new spring goods we will sell for the rest of this month, a lot of tools, stoves and general hardware at cost prices.—St. Johns Hardware Company.

Scout Commissioner Lindsay of Portland called and inspected St. Johns troop Wednesday evening. He congratulated the boys on their splendid quarters, criticised some and commended other work the boys have done and showed them that they were in the way to make brave, strong, clean, manly men of themselves. It rests with each individual. Fidelity to their law and personal application to the tasks before them will never fail to bring success.

J. Nichols was stricken with paralysis on Jersey street last night. He fell down in the snow and was unable to tell his name or residence. The police took him to the city hall where papers in his possession helped to identify him. City Physician Vincent was summoned and the stricken man taken to his home. This is the third stroke he has sustained and seemed to be in a precarious condition.

The school meeting held last Tuesday evening to levy the school tax for this year was poorly attended. Little interest seemed to be taken in the matter, the public relying upon the school board to make the levy judiciously. It was placed at 4.8 mills, a reduction over last year's levy, and a mill and two-tenths below Portland's levy.
