The Debonair club was delightfully entertained at a spread at the home of Mrs. Weeks on Willamette boulevard last evening. The attendance was larger than usual. The tables fairly groaned with good things, as did some of the "men folks" when they finally and regretfully left the table. Dr. H. O. Brown, Mrs. Brown, Mrs. Murray and Miss Alice Brown favored the Debonairs with pleasing and well rendered music, and Mrs. Keeler and Alice Brown recited appreciated selections. The evening was pleasantly spent by one and all, and Mrs. Weeks fully demonstrated the fact that she is a most admirable hostess.

Bachelor Anniversary

The Bachelor Club gave its anniversary ball in the rink last night. It was the most elaborate and elegant affair that has ever taken place in St. Johns. The decorations were magnificent. The young men spared neither time or expense in converting the rink into the veritable fairy bower it proved to be. The unrivalled artistic ability of the Bachelors was brought into full play, and the result of their efforts was the admiration and delight of all. Almost a solid ceiling of evergreens and club colors swung in graceful festoons overhead, requiring infinite pains and tedious efforts to produce. Beautiful ferns abounded on every hand, and the musicians' stand was completely banked with the rarest and most fragrant of roses and other flowers amid a superb background of evergreen and other foliage. The scene will linger long in the memories of those who witnessed it. Amid such a setting, with the elite of the city and from other places present, with music the finest and most entrancing ever heard in the city, with handsomest women attired in the latest and most attractive styles, with a dancing floor unexcelled on the coast, with cool, refreshing, invigorating punch brewed by a master hand, with every one teeming with good nature and the Bachelors bathed in smiles of welcome and good cheer, a glorious season of enjoyment was inevitable. The programs were unique and caused many ripples of merriment by their original wording. The Bachelors may feel satisfied with their splendid effort. Nothing like it ever happened in the city, and it will be the topic of conversation for many days to come.

Curran, the wide-awake pharmacist, has made some improvements in his soda fountain and equipment, and is now the most attractive, convenient and sanitary dispensary of soft drinks to be found anywhere. Only pure fruit juices are used, and extracts are dispensed with. Therefore, all the soft drinks have a particularly sweet and pleasant taste. If you want a most delicious drink, try one of Curran's, and the taste will linger long with you.
