The Library

Open Hours: 1:00 to 5:30 and 7 to 9:30 p. m.
Sundays: 2:30 to 5:30

Are you a machinist?
Are you an engineer?
Or interested in such subjects? Do you know that in the St. Johns library you may find two of the best magazines published along these lines? They are the American Machinist and the Engineering News. Here is what Elbert Hubbard says about them in the May Philistine:

"An eminent civil engineer told me that there isn't a contractor or civil engineer in the United States of any standing or ability who isn't a reader of Engineering News. The magazine is a textbook for the manipulators of energy. In order to know what the world is doing and saying they have to read the Engineering News.

"This is an age of machinery, and the American Machinist is the Bible of the man who produces machines or commodities. The business of the American Machinist is to keep the machine builder right abreast of the business that is being thought out and done in his own particular line. He is linked to his line; he is one of the great body working along similar lines and the American Machinist brings to him every week encouragement, inspiration and assistance of a very positive nature."

School Art Exhibit—Drawings and construction work of the 7th, 8th and 9th grades and the High school are now on exhibition. Some beautiful pieces of design work done in the High school are displayed in the library windows. As these must be returned to the owners the first part of the week you will need to come in at once in order to see them.

Please remember to order your books several days before you expect to leave on your summer vacation. Ten books until October 1st if you wish.

Fresh Fiction—Twenty-five volumes received this week. Among them are:

Secret Garden—Burnett.
Mother Carey's Chickens—Wiggin.
Story Girl—Montgomery.
Denny the Audacious—Bennett.
Spell—Orcutt.
Human Cobweb—Simpson.
According to Maria—Lane.
Her Ladyship's Elephant—Wells
Just Between Themselves—French.
A year Out of Life—Waller.
Sick-a-Bed Lady—Abbott.

ORDINANCE NO. 480

An Ordinance Providing the Time and Manner of Improving Central Avenue from St. Johns Avenue to Bruce Street in the City of St. Johns, Oregon.

The city of St. Johns does ordain as follows:

The council of the city of St. Johns, having ascertained the cost of improving Central avenue from the northwesterly side line of St. Johns ave. to southeasterly side line of Bruce street in the city of St. Johns, Ore., as shown by the resolution of the council of said city, dated on 21st day of May, 1912, and recorded in the office of the recorder of said city, and notice thereof having been published in the St. Johns Review, a weekly newspaper of general circulation, on the 24th day and the 31st day of May 1912, as shown by the affidavit of the foreman of said paper, which said affidavit is on file in the office of the city recorder; and legal posting of notices of such improvement, as shown by the affidavit of the city engineer on file in the office of the city recorder; and no remonstrances having been filed, and as provided by the said resolution, the engineer's preliminary estimate of said improvement is $6,828.48, but shall be more accurately determined by said engineer.

Now, therefore, it is hereby ordered that said street be improved and the time for the completion of said improvement is hereby fixed at sixty days from the last publication of proposals of said work, which said proposals must be filed with the recorder of said city on or before the 2nd day of July, 1912, at 8 o'clock, p. m. of said day.

That said street shall be improved as follows: By grading same to the established grade by cut and fill and by sidewalking same on either side with six foot cement sidewalks, twelve foot curbs entire length, together with all necessary cement crosswalks and corrugated iron gutters, said walk and curb to have expansion joints as directed by the city engineer; curb to have four-inch drain tile every fifty feet; hitch rings to be placed in the curb as directed by the city engineer.

The city recorder shall give notice by publication for not less than three insertions in the St. Johns Review, the official newspaper, inviting proposals for making said improvement.

Said improvement shall in all respects be done and completed in conformity with the provisions of Ordinance Nos. 160 and 302, except as otherwise provided in this ordinance; all work to be done under the direction and supervision of the city engineer.

That the cost of said improvement shall be assessed against the property in the local improvement district as described in said resolution and designated as and declared to be Local Improvement District No. 81

Passed by the council June 11th, 1912.

Approved by the mayor June 11th, 1912.

A. A. MUCK,
Mayor.

Attest: F. A. RICE,
City Recorder.

Published in the St. Johns Review on June 14, 1912.

RESOLUTION

It is resolved by the city of St. Johns: That it deems it expedient and necessary to improve Hartman street from the easterly line of Central avenue to the westerly line of Myers street in the city of St. Johns in the following manner, to wit:

By grading said portion of street to grade to be established according to profile filed by the city engineer in the office of the city recorder June 10, 1912, by laying six-foot cement sidewalks and twelve foot curb on both sides of said street, with necessary cement crosswalks and corrugated iron gutters.

Said work to be done according to the plans and specifications of the city engineer on file in the office of the city recorder relative thereto, which said plans and specifications and estimates are satisfactory and are hereby approved.

Said plans and specifications and estimates are satisfactory and are hereby approved. Said improvements to be made in accordance with the charter and ordinances of the city of St. Johns, and under the supervision and direction of the city engineer.

That the cost of said improvement to be assessed as provided by the city charter upon the property especially and particularly benefited thereby, and which is hereby declared to be all of lots, parts of lots, blocks and parcels of land between the termini of such improvements abutting upon, adjacent or proximate to the said Hartman street from the marginal lines of said street back to the center of the block or blocks or tracts of land abutting thereon or proximate thereto.

That all the property included in said improvement district aforesaid is hereby declared to be Local Improvement District No. 87.

That the city engineer's assessment of the probable total cost of said improvement of said street is $5,025.22.

That the cost of said improvement is to be assessed against the property in said local assessment district as provided by the city charter of the city of St. Johns, except that each front foot shall bear its pro-rata of said assessment instead of the cost of improvement immediately in front of it, as provided by the city charter.

Adopted the eleventh day of June, 1912.

F. A. RICE,
City Recorder.

Published in the St. Johns Review on June 14 and 21, 1912.
