The connection from the main to the curb of the street in which the main is located, including taps, branches, stop cocks and valves, will be made by the said grantee at the prices stated below, to be paid by the applicant in advance.  
The charge for each pipe from the street main will be as follows:  
For a 2-inch pipe, \$2.50 per month and \$30 for the connection.  
For a 3-inch pipe, \$3.50 per month and \$40 for the connection.  
For a 4-inch pipe, \$5.00 per month and \$40 for the connection.

###### C. Meter Rates.

Section III.—C. Any regular consumer of water, if such consumer shall prefer, shall be entitled to receive water and to pay therefor upon meter rates only. Further upon demand by any consumer to be put upon meter rates any person or persons, partnership or corporations, supplying water, shall immediately install a meter for such consumer at its own expense and shall thereafter keep and maintain said meter; and shall further keep the said meter open for inspection at all reasonable times; and shall at all times see that the said meter is correct, and if the same shall be incorrect, the said meter shall be repaired or corrected or else a new and correct meter shall be installed.

###### Conflict of Schedules and Failure to Deliver Water.

Section IV.—It is further provided that the charge for a smaller quantity of water shall not exceed the charge for a larger quantity; and further that meter rates shall prevail over flat rates.  
If any person or persons, partnerships or corporations supplying water to the City of St. Johns or its inhabitants, shall be unable for any reason to furnish water, then in such an event the consumer or consumers shall not be required to pay any water rents or charges for such a time or periods as he shall be without water.

###### Auxiliary Water Supply.

Section V.—A building supplied with water pumped from a private well may have a service pipe with a meter attached connected with the main of a vendor of water and in case of accident to the pump, and in case the consumer of water shall desire he shall obtain a temporary supply of water at meter rates, providing, however, that he shall pay the minimum base charge under the schedule for meter rates which shall be based upon the amount of water which the consumer would require if he obtained the entire supply of water from the person or persons, partnerships or corporations, supplying water to the City of St. Johns and its inhabitants.

###### Special Rates.

Section VI.—Water for other purposes and uses than those named in the foregoing schedules may be furnished at special rates to be fixed upon between the consumer and the person or persons, partnerships or corporations supplying water to the City of St. Johns and its inhabitants.  
Deposit to Secure Payment of Water Rates.  
Section VII.—If any vendor of water shall demand and receive a deposit of money in advance as security for water rents, the vendor shall pay to any person or persons making such a deposit, interest thereon at the rate of six per cent per annum for the use of such money for so long a time as it shall be retained by the said vendor of water.  
Posting of Rates.  
Section VIII.—All vendors of water shall keep posted in a conspicuous place in their office the aforesaid schedule of rates, which schedule shall at all times be kept open for inspection of any and all consumers of water.  
Further, a copy of these schedules of rates shall be kept posted in the office of the City Recorder of St. Johns.

###### Definitions.

Section IX.—"A REGULAR CONSUMER" within the meaning of this ordinance shall be any person, partnership or corporation which shall contract to use water for any part of a month or longer, or shall continue to use water after so contracting for a supply for any part of a month or longer.  
"A VENDOR" within the meaning of this act shall be any person or persons, partnership or partnerships, corporation or corporations which engage to regularly supply the City of St. Johns or its inhabitants with water.
