

Evangelical Church

The Sunday School is doing excellent work under the leadership of the devoted Superintendent, Mrs. Hall. They are in the midst of their preparation for the celebration of the birth of the Christ child. The program and the manner of carrying it out will be unique, and while a little out of the ordinary, I am sure will be one of the very best entertainments that the people of St. Johns have enjoyed in the celebration of the "Yule Tide."

The "rally day" was one of the most successful in the history of the church. \$600 was raised in cash and good subscriptions, (this includes a few dollars that was pledged since "rally day") the church prior to this time, only owned one 50x100 ft. lot which gave us but little room aside from that occupied by the church and parsonage. Mrs. Smith who owned the lots adjacent to the church property, and who has always been interested in the church, offered the church a lot adjoining for \$600 which is not nearly what the lots are selling at, so the church secured it which gives the church a splendid property and plenty of room when they are ready to build a modern church, although at present we have a neat attractive place of worship.

The revival services are planned to begin the first Sunday of January. The pastor expects the assistance of Rev. J. A. Goode of Portland. These services will be announced later.

A good fellowship meeting or a rally was held on Wednesday evening. Revs. Poling and Pratt were on the program for short talks. This was interspersed with music and the program was followed by a lunch in the basement. A most excellent spirit exists among the members and friends of the church and the outlook for the future of the church is bright indeed.

Regular services each Lord's day at the usual hours, with Sunday School at 10 A.M. and K. L. C. E. at 6:30 P.M. A cordial invitation extended to all.

Reporter.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$150.00 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.

Do you want your share of the World's production? Investigate the 99-year system at our expense. By-laws mailed for 10 cents. If not what expected, send back within three days, we return the dime.

XMAS GIFTS

DOLLS AT 1-3 REDUCTION

Our last Wednesday's Doll Sale means happiness to many little girls of St. Johns as we were busy the entire day wrapping up dolls for Santa Claus' pack. There are a few of the dolls left; some very very nice. They will go at one-third off the regular price as long as they last.

TOY DISHES GO AT 1-3 OFF

There is also an over stock of Toy Dishes and these too will be on Special Sale at one-third off.

There are more things in our stores for the undecided person than in the exclusive line stores and we invite you to call and let us aid you in making selections. It will not be impossible to supply your entire needs at our Main Store or the Men's Toggery.

BONHAM & CURRIER

Gas Minimum Reduced to Fifty Cents per Month

On and After December 1st, 1912, the Minimum Charge per Month for Gas will be 50c instead of \$1.00 as Formerly

This does not mean that there has been a reduction of the gas rate, but it does mean that you can use 400 feet or less of gas per month and your bill will be 50c instead of \$1.00 as before.

With the minimum charge of 50c per month, it will not be necessary to have your meter locked during the winter months, as you will use the minimum amount for emergency purposes and for cooking breakfast.

Gas as a fuel means a fire in a second, that can be regulated with a valve to any degree of heat required—no coal or kindling to carry—no soot to blacken your walls—no ashes to dispose of. Then too, convenience is worth something.

It is, and has been our aim to sell to our consumers the

very best gas appliances obtainable. Each make of appliances sold by us is guaranteed from a mechanical and an economical standpoint. Appliances purchased from us are delivered and installed free of charge. We deliver and install appliances complete ready for use for a small cash payment at time of order; the balance being paid in monthly payments added to the gas bills.

Ask us for any further information you may desire concerning the uses of gas. We would be glad if you will call at the office and get one of our catalogues showing the various gas appliances sold by us.

We thank each and every consumer for their hearty co-operation and assure you that we are at all times **at your service.**
