The Bachelor club gave a delightful dance in the rink last Thursday evening. The attendance was large and the event fully enjoyed.

Mrs. A. J. Carlson died at her home on East Mohawk street Thursday of last week. She is survived by a husband and two sons. The funeral took place Sunday afternoon.

Uncle Sam should place a mail box on the Peninsula National bank corner for the convenience of patrons. One has been placed at Bonham and Currier's corner across the street, but an additional one at the bank corner would prove a convenience to many business men, as well as private citizens.

The Benedicts held an enjoyable dancing party in the rink last Friday night. Bylaws were adopted and the title, "The Benedicts," chosen for the new organization. The social club is growing in numbers and interest, and it bids fair to become one of the fixed and most enjoyable societies of the city. The next party will be held February 14th.

A fire occurred at the residence of A. J. Carlson on East Mohawk street Friday of last week through a defective flue. The fire department arrived promptly upon the scene and subdued the flames with little difficulty. The body of Mrs. Carlson, who had died the day previous, was in the house at the time. The damage to the dwelling was slight.

It has been suggested that a fire truck be secured for the fire department. This would seem like a wise move, much better than securing a team of horses. Horses are a constant care and a continued expense, while the first cost of an auto truck would be the greatest expense. A truck is always ready for action, and can go where a team of horses can. For economy and efficiency, an auto truck would undoubtedly prove the wisest investment.

The editor of an exchange gets very sarcastic on the matter of trusts and says the country newspaper is the biggest trust on earth because it trusts everybody, gets cussed for trusting, mistrusted for cussing, and if it busts for trusting gets cussed for busting.

Word from Charles T. MEN CURED

TO SAY CURED

Maybe you have been treated and only helped temporarily or not at all. Has your doctor told you that you have an "upper hand of you" (the doctor) and let me tell you whether you can ever be cured. If I take your case I will give you my time and my attention to your case so that you will go away cured and not a day later. I have treated thousands. I am the only physician in Portland treating men's ailments exclusively.

"606" Now Improved

FOR BLOOD POISON

It is now two years since the introduction of the NEW GERMAN REMEDY, and during that time I have administered this preparation in several thousand cases. I have given this remedy a severe test, and I can say without fear of contradiction that it is the greatest discovery of the age and the BEST REMEDY ON EARTH for Blood Poison, regardless of the stage of the ailment, of the symptoms present. Don't believe the doctors who tell you otherwise.

I introduce it directly into the Blood by the Intravenous Method. My equipment for the administering of this remedy is the finest on the Coast and I give you the GERMAN REMEDY in the RIGHT WAY. You come to my office, receive the treatment, go about your work as usual, and in about ten days time all symptoms disappear. Why should you continue taking poisonous and other injurious drugs into your stomach for years when you can come to me and be cured?

WEAK MEN Don't despair. Science cure. Animal Serum (lymph compound) is the remedy that has never disappointed my patients. It's not a medicine, but extracted cells from young, vigorous animals, used by me to rebuild and vitalize the human organs. Regardless of Age.
