This Review is entered at post office in Saint Johns, Oregon, as mail matter of the second class under the Act of Congress of March 3, 1879.

Mayor A. A. Muck, four councilmen, city recorder, city engineer and ye editor made a close inspection of the various kinds of hard surface streets in Portland and vicinity on Wednesday. The entire day was devoted to the cause, and as a result they have familiarized themselves with the kinds that should prove the best for St. Johns, and are now in a position to act intelligently when hard surface improvement is petitioned for in St. Johns. It was a lesson in hard surfacing that should prove valuable. About 75 miles were covered on the trip.

Strickland Gillilan at the High School auditorium last evening concluded the Lyceum course for the season, and like in so many other matters, the best was reserved until the last. Mr. Gillilan proved himself an entertainer of the very highest class. A sparkling flow of wit, droll humor, bits of pathos, homely truths and rare gems of wisdom kept the large audience in a merry mood throughout the two hours devoted to entertaining the auditors. No one could help but be benefited by listening to Mr. Gillilan. He brought his truths home in a manner that could not help but cause one to reflect, although his gems were immediately followed by ludicrous remarks. His enunciation was clear and distinct, and his comical attitudes caused much merriment. The world is surely better and brighter by reason of such men as Mr. Gillilan having lived in it and devoting their time and rare talents in spreading more sunshine among the inhabitants thereof.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it, as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

**He Banked in Trunk; Now is Out \$8,000**

DETROIT—Joseph Jarnbeck, a farmer who had moved to the city, was robbed last night of a trunk containing \$8,250 in cash and a bank book showing deposits of a thousand dollars. After several hours search the police found the trunk and \$250 of the money.

The recovered money was tied in the sleeve of a woman's waist and probably escaped the attention of the thieves.—NEW YORK CITY GLOBE.

**The Best Light At The Lowest Cost**

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place, thus affording any desired distribution of light.

No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.
