The annual city election has come and gone, and as a result the reins of city government will be in practically new hands. A new mayor and a new city attor-ney will preside over the desti-nies of the municipality. The men elected are all good citizens, and there is no reason why they should not make good city offi-cials. And it is now up to the people of St. Johns to aid in every manner possible to make the new administration a success. Be slow to condemn, for there are limitations in the city charter that dare not be overstepped, and all decisions must be based upon its provisions. The vote of ladies may have been a factor in creating a new administration, because it is the first time in the city's history that such a sweeping change has been effected. May the new officials make a record that all may feel proud of.

George M. Pullman, chief owner of the Pull-man company, died worth an almost inconceivable fortune: yet when he was a young man he worked for DAY WAGES. But he BANKED and SAVED his money when he was young. At his death he had thousands working for him. You cannot learn a better lesson in school or else where than this: SAVE WHEN YOUNG.

Let OUR Bank be YOUR Bank
