Pioneer Methodist Episcopal Church, cor. Leavitt and Hayes; one block south of city hall; The pastor, Rev. J. J. Patton, will conduct the usual services, both morning and evening, May 18, for the first time since the interior of the church was relined. The work of overhauling this historic structure had been much needed, and the beauty of the interior reveals the energy of its members and friends. All are invited to attend the services.

The Commercial club held its regular monthly meeting in its palatial apartments in the Holbrook block Wednesday evening. Despite the inclement weather and counter attractions, a good representation of members were present. Plans for several important civic improvements were discussed and line of action outlined. Owing to the fact that two railroad lines enter St. Johns without connecting, freight shipped to St. Johns occasionally gets stranded at the wrong place, entailing additional switching charges. To obviate this condition the S. P. and S. Co. asked that the North Bank depot be known hereafter on the railroad maps as East St. Johns. The club offered no objection. Light refreshments added to the enjoyment of the meeting.

A Brilliant Social Event

The elite event of the year was held in the St. Johns rink Wednesday evening. It was the annual ball of the Bachelor club, and was the most swell affair that has occurred in the club's history. Never was the rink decorated and adorned in such an elaborate, artistic and superbly beautiful manner. It was a positive triumph to the ingenuity, consummate skill, industry and artistic ability of the Bachelor boys. It resembled a veritable fairy bower with a bewildering array of festoons, garlands and streamers of the club colors overhead, and witching cozy corners were sumptuously arrayed near the orchestra stand. The music was the finest, most abundant and most delightful of any previous ball given by the club, and consisted of seven pieces. The capacity of the rink was strained to its utmost capacity to accommodate the dancers. One hundred and thirty couples were present and enjoyed the music and splendid floor so greatly that each number was repeatedly encored. Delicious punch allayed the thirst of the "trippers of the light, fantastic toe." The Bachelor boys are adepts at making one and all feel at their ease, and unobtrusively but unfailingly find partners for all who care to dance. The club's fame has gone abroad, and many out of town guests enjoyed the delights of the hour. Certain it is that the event was a splendid and unqualified success, and it will linger long in the memories of those who were fortunate enough to be present.

RESOLUTION

It is resolved by the city of St. Johns:

That it deems it expedient and necessary to improve Richmond street, from the north side line of Smith avenue to the south side line of Fessenden street in the city of St. Johns in the following manner, to wit:

By grading said portion of street to grade or subgrade to be established, and by laying a six foot cement walk and 12 foot cement curb on both sides of said street, with necessary cement cross walks and corrugated iron gutters, according to the plans and specifications of the city engineer on file in the office of the city recorder relative thereto, which said plans and specifications and estimates are satisfactory and are hereby approved. Said improvements to be made in accordance with the charter and ordinances of the city of St. Johns, and under the supervision and direction of the city engineer.

That the cost of said improvement to be assessed pro rata as provided by the city charter upon the property especially and particularly benefited thereby, and which is hereby declared to be all of lots, parts of lots, blocks and parcels of land between the termini of such improvements abutting upon, adjacent or proximate to said street, from the marginal lines of said street back to the center of the block or blocks or tracts of land abutting thereon or proximate thereto.

That all the property included in said improvement district, aforesaid is hereby declared to be "Local Improvement District No. 99."

That the city engineer's assessment of the probable total cost of said improvement of said street is \$2,861.80.

That the cost of said street to be assessed against the property in said local assessment district as provided by the charter of the city of St. Johns.

Adopted by the council, this 6th day of May, 1913.

F. A. RICE, Recorder.

Published in the St. Johns Review May 9 and 16, 1913.
