The Dress Beautiful

The following excellent paper was read by Effie McDaniels at a recent meeting of the W. C. T. U. Subject, "Dress Beautiful:"

At the present time so much is being said and written upon the subject of dress in its many phases by those who devote much The survey of the route for the time and thought to the subject near Hillside boulevard and park-that there seems to be but little way from Blythswood north to that can be said that will be new.
Linnton has been completed by The most that this paper can do Engineer Woodruff. is to approach the subject from V. Vincent Jones, who first a slightly different angle lookis to approach the subject from

done trojan work on the project dress as "that which is used as Practically every property owner ideal essence, or principle of between Portland and Linnton that which appeals to the aeshas agreed to donate a strip 200 thetic tastes and instincts. feet in width.

Now that the preliminary survey is completed so that legal devenue of beauty." From scriptions of the desired parcels these two definitions we will can be given, an attorney will consider "the dress beautiful" begin this week securing the as that covering of the bedy suitable for place and occasion

which will meet all the requirements.

What are some of the elements of dress which produce that charm which creates within us admiration? It seems to me one of the very first things to consider is comfort. Any garment, no matter how well made, unless it is comfortable will not look well on the wearer and will be sadly wanting in one of the principal elements of beauty. Hand other wild growth, ferns, flowers, etc., in their natural beauty. The combined are some of the elements of dress which produce that charm which creates within us admiration? It seems to me one of the very first things to consider is comfort. Any garment, no matter how well made, unless it is comfortable will not look well on the wearer and will be sadly wanting in one of the principal elements of beauty. Hand in hand with comfort is fitness for the occasion. Morning ducties require the use of loose clothing enabling the worker to good quality of materials; good.

The roadway will be graded 20 dress which produce that ages of those who attended agregated 1371 years, and were 1885.
