The Teacher and Pupil

In an address before the teachers of Altoona this week City Superintendent Baish said: "I hope every child who attends school during the coming term will be made to feel that his teacher is one of his best friends and his school a place of sympathy and helpfulness."

That statement is worthy of consideration by every teacher in the country. The children who attend the schools are human beings. They are susceptible to training which will make of them useful citizens, and that training can best be given by the teacher who plans her work with the determination to give the best possible service. Children are to be regarded as children, not as adults possessed of good judgment, and the wisdom acquired by experience, and the teacher should treat the pupil as a child, not as an adult.

The child who returns from school at the close of the opening day and reports that she loves her teacher can be brought to maintain the admiration throughout the entire school term if the teacher deserves the confidence of her profession and bring forth a class of capable students. The teacher who is not loved, but who is disliked by the pupils of her school will prove a failure as a teacher and a detriment to the advancement of the children in her charge.

Children who attend school are entitled to receive an education that will be beneficial in the future. If they are denied this they will be cheated out of their rights. It rests with the teacher whether or not her work shall be a failure or a success, whether the children shall be educated or turned out useless and incompetent, or whether they shall be moulded into practical citizens fully equipped to take up life's burdens. The teacher who is loved by her pupils is the teacher who gives full value for the salary she receives. A teacher who merits that love by her tact and ability wins much more than the dollars and cents she receives in her charge. —Houtzdale Citizen.

Skating Rink Opens

Chenoweth & Moore, who conducted the skating pavilion on Jersey street during the past summer, have leased the St. Johns Skating rink on Ivanhoe street, and will possibly be ready for business this evening, but assuredly Saturday afternoon and evening. In deference to the close proximity of the rink to the churches, the rink will not be open on Sundays. The proprietors state that the rink will not be incapacitated for dancing, and that they have a preparation that will place the floor in first class condition for that diversion on very short notice and are willing that dances be held at least once a week. The public is assured of first class management, in which rowdyism or unbecoming conduct will not be tolerated in the slightest degree, as was the case while they conducted the Jersey street rink, where everything was orderly and carried on in a highly satisfactory manner.

NOTICE OF SHERIFF'S SALE Of Escheat Property

In the Circuit Court of the State of Oregon for Multnomah county.

State of Oregon, Plaintiff, vs. J. P. Finley, as Administrator of the estate of F. M. Frasure, deceased, and all persons who claim to be heirs at law or next of kin of F. M. Frasure, deceased, and all persons claiming an interest in the estate of said deceased, Defendants.

By virtue of a judgment order, decree and order of sale issued out of the above entitled Court in the above entitled cause, to me directed and dated the 29th day of August, 1913, upon a judgment rendered and entered in said Court on the 14th day of July, 1913, in favor of the Plaintiff, by which judgment it was ordered, adjudged and decreed that there was escheated to the State of Oregon the following described property, to wit:

Westerly half of Lot Thirteen (13), Block Two (2), of Willamette Boulevard, acres in Multnomah County, Oregon; and Lots Five (5), Six (6), Seven (7), Eight (8) and Nine (9), Block Three (3) of Fortune Place, in Multnomah County, Oregon, which said order directed me to sell the said real property as on execution, and out of the proceeds of such sale to pay all costs incurred in said cause, and the expenses of said sale, and to pay the remainder of the proceeds of such sale, if any, to the Treasurer of the State of Oregon.

Now, therefore, by virtue of said order, judgment order, decree and order of sale and in compliance with the commands of said writ, I will, on Monday, the 6th day of October, 1913, at 10 o'clock a. m., at the East front door of the County Court House in Portland, Multnomah County, Oregon, sell all of the said real property at public auction to the highest bidder for cash in hand, in accordance with Section 7370 of Lord's Oregon Laws, the proceeds of said sale to be applied as by said order directed.

T. M. WORD,
Sheriff of Multnomah County, Oregon.

Dated this 2nd day of September, 1913.
First issue Sept. 5, 1913; last issue Oct. 3, 1913.

Oregon is to have a log building to house its exhibits at the Panama-Pacific Exposition. The design for the building has been selected by the Oregon Commissioners for the Oregon building, which will be part of the Fair at San Francisco in 1915. Tentative plans prepared by the architects show a huge log building of novel design, the building being so constructed in accordance with the wishes of the Commission and in keeping with a pronounced popular demand. Inasmuch as the exposition itself will not give space to a separate forestry display, it is believed that Oregon can attract much attention in this novel and striking manner to one of its chief industries. This log house will be characteristic and a truly magnificent structure, such as could be obtained with no other native material.
