THE ST. JOHNS REVIEW BY A. W. MARKLE

Published Every Friday At 117 West Burlington Street.

THE REVIEW is entered at post office in Saint Johns, Oregon, as mail matter of the second class under the Act of Congress of March 3, 1879.

Statement of ownership and management of the 54 Johns Review required by the act of Au-gust 34 1910. Editor and publisher, A. W. Mar-Ele. Owners, A. W. Markle and H. H. Markle. Sword to and subscribed before me this 10th day of Sept. 1913. F. A. Rice, Notary Public.

Official Newspaper of the City of St. Johns. All communications should be addressed to The Review, St. Johns, Oregon.

Subscription price \$1.00 per year.

The question of voting bonds in the sum of \$1,250,000 will confront the voters of Multnomah county on the fourth day of next month. It is proposed that the money derived from the sale of these bonds shall build the Oregon side approach and Oregon's share of the Interstate bridge over the Columbia river, uniting the two states. The benefits to be derived from such a stupendous project are so obvious and far reaching that it is most difficult to conceive how any one could look with disfavor upon the propostion. And it is something that may be achieved without actually costing the taxpayers of Multnomah county any-thing. It is only a matter of the county lending its credit to the amount of bonds needed for the purpose. The bridge will undoubtedly be operated under a toll system. Under the present inadequate ferry system between the two states the revenue de-rived from ferry charges will logg street, this city. W. L. Montgomery has moved from Astoria to 415 North Kel-logg street, this city. Dushels of prunes through the Packing of the dried fruit for approximate more than \$75,000 this year, it is stated upon excellent authority. That \$100,000 yearly could easily be obtained through toll charges on an interstate bridge with an increase of baby girl. Mrs. Van Valken-ten per cent yearly is a foregone burg was formerly Miss Elizaten per cent yearly is a foregone conclusion. Thus it can be read. beth Stalter of this city. ilv seen that in ten or twelve years the bridge will have paid for itself without touching the corner Richmond and Ivanhoe for itself without touching the pockets of the taxpayers. Clark county, Washington, has almost unanimously pledged itself to provide half the cost of the bridge, and surely Multnomah county cannot possibly afford to do less. The interstate bridge means a closer communion be-vice Sunday morning 11 a. m. teween the two states, making Pastor. access into each of great ease and convenience Each voter in the county should vote in favor

The sure way to have a business of your own is to Bank your money Now

If you are tired of having others dictate to you, then work hard, BANK what you carn--every cent possible, and somer than you think you can start a BUSINESS OF YOUR OWN. GET together SOME MONEY of YOUR OWN and some rich man will take you into partnership. Rich, old men, are hunt-ing for industrious, saving, younger men.

Let OUR Bank be YOUR Bank We pay 4 per cent interest on Savings Accounts

Born-To Mr. and Mrs. H. E. Van Valkenburg at John Day, Oregon, Sept. 18, a seven pound

It is stated by officials of the Sunday school class No. 5, but of the bond issue. It has the Northwestern Fruit Exchange they were strengthened by the endorsement and support of the that over anxiety on the part of older folks. Many of the young Commercial club, and should growers to dispose of their fruit people were dressed in charachave the support of all citizens is costing them many thousands ter, which added to their pleasof dollars, as many of them have ure as well as that of the others, sold their apples at prices 25 to Mr. Murphey was the recipient 50 cents below the actual market of many lovely gifts, one in parvalue of the fruit. C. C. Moore of the United along, States Department of Chemistry has been in Oregon for two weeks studying the adaptability of Oregon potatoes as a raw product for the manufacture of starch. He has declared his faith in the possibility of establishing factories for the manufacture of starch and glucose from potatoes, and has had a meeting with prominent Portland business men with this end in view. It is stated that the Side tracks have been built on Pacific Northwest at present consumes about 10,000 ton of starch railroad cut and also on Fessenper year, practically all of which is shipped from the East. The ternate cars may pass each othestablishment of a starch mill in er. Large benefit is expected Oregon would supply this annual from the new fourner, and a demand and would also provide possibly to those living in the an outlet for surplus spuds during seasons of low prices.

The Best Light At The Lowest Cost

ELECTRIC LIGHT is the most suitable for homes, offices, shops and other places needing light. Electricity can be used in any quantity, large or small, thereby furnishing any required amount of light. Furthermore, electric lamps can be located in any place, thus affording any desired distribution of light.

No other lamps possess these qualifications, therefore it is not surprising that electric lamps are rapidly replacing all others in modern establishments.
