

# A \$50 Range for \$34.20

Note the plain nickle trimmings, ornamental and easy to keep clean. Look at the warming closet, warming shelves, chimney damper, shallow fire box, large oven. The Crescent is truly a modern range. The construction is scientific gaining the most heat with the least amount of fuel. The Crescent is a handsome, durable range. The body of the Crescent is made from one sheet of Wellsville Polished Steel. There are no seams. Tripple walls are formed by an underlining of asbestos boards and steel plates, strongly riveted. Miss E. Caples states that the Caples tract on Dawson street which is under consideration for park purposes, will be offered to the city for \$10,000, instead of \$12,000 as first proposed. She considers in making this price that her mother has made a most generous concession, that it is well worth the original sum asked, and that few people, if they owned the tract, would be willing to dispose of it at a figure as low. She says this concession is made in view of the fact that so many, children especially, are so much interested in the city securing the tract for a playground, and that it would afford her mother and herself much pleasure in having a park situated upon what was their land.

At the Good Samaritan hospital Tuesday, Sept. 30, death claimed Merna, the second daughter of Mr. and Mrs. J. E. Coffee. Merna was sick but a brief three weeks, and all was done that human skill knew to do, but to no avail, and another beautiful bud has been transferred to the Garden Eternal. Father, mother, a sister and brother miss her sunshine and love. The funeral was conducted by her pastor, J. R. Johnson, Thursday at Holman's undertaking parlors, after which they took her to that beautiful city of the dead, Riverview cemetery.

Do not fail to hear the Commonwealth Quartette at the high school auditorium next Tuesday night. It will be worth while.

Columbus Day, Sunday, October 12th, is a public holiday, and Monday the day following will be observed by the Banks of St. Johns.

Alex. Cochran, a prominent business man of LaGrande, has resided at Klamath Falls for the past two years, and formerly came from Cadillac, Michigan. The groom is one of St. Johns' brightest, most promising and most popular young business men, being associated with his brother, C. C., in Currins for Drugs pharmacy. They have taken up their residence at 410 N. Kellogg street, which the groom had already prepared for his mate, and where they are at home to their friends.

The Rally Day services of the Church of Christ in the auditorium of the High School building Sunday morning were most interesting and each number on the program carried out in a faultless manner.

Edward Erickson, who was wounded in the neck recently, is getting along in fine shape. He was cleaning out a boat on the Ogden bridge. Mirnie Donaldson was in the boat with him with a 22 cal. rifle, and in swinging it around while shoving in a cartridge it was discharged, the ball striking Mr. Erickson on the left side of the neck.

After several years of litigation involving claims in the Siletz county, the announcement has just been made that the settlers have finally been victorious and that patents to the land will immediately be issued by the Government. With all uncertainty as to the future removed, development will certainly proceed with great speed. The railroads have long been anxious to tap that rich timber section, and they are now free to go ahead with the work.

The first number of the High School Lyceum course will be given in the auditorium of the high school building next Tuesday night. The Commonwealth Quartette will be the attraction, and it is heralded as the best in its line on the circuit. Lovers of good music and singing can not afford to miss it. The other five attractions will appear on the following dates: Stelz Concert Co., Nov. 25; Dr. Thomas Green, Feb. 6; Floyds, magicians, Feb. 21; Chapin, impersonating Lincoln, March 20; Bowman, character portrayals, March 26th.

A residence near the corner of Burlington and Edison streets was totally destroyed by fire early Monday evening. The dwelling was unoccupied at the time. The origin of the fire is unknown, but all evidence points to incendiary origin. Upon diligent inquiry we have been unable to ascertain the owner of the dwelling or whether or not it was insured. Owing to the stiff wind blowing and the breaking out of the fire all over the roof at one time, it presented a most beautiful spectacle, even if destructive and a menace to adjoining property. The fire department was early on the ground, and in spite of the wind, succeeded, after arduous effort, in saving adjoining property, although it was on fire a number of times. Every time there is a fire the people of St. Johns feel more proud of the local fire department. They handle it with such an admirable manner and get to the scene with such celerity. The loss sustained was about \$1500.

Charlton Straw Currin and Miss Lottie Losie Bailey were united in marriage at the First Baptist church, Portland, by the pastor Saturday afternoon at 2 o'clock. Mr. Currin certainly put one over on the Bachelor club, of which he had been a leading member. He told them about the wedding Tuesday evening, but they scoffed at the idea and would not believe it until they had made a visit to the house and seen the bride. That he will get his at the hands of the Bachelors there can be no mistake. When and where and how has not been divulged, but plans are well on the way.

The bride, who is an attractive and accomplished young lady, has resided at Klamath Falls for the past two years, and formerly came from Cadillac, Michigan. The groom is one of St. Johns' brightest, most promising and most popular young business men, being associated with his brother, C. C., in Currins for Drugs pharmacy. They have taken up their residence at 410 N. Kellogg street, which the groom had already prepared for his mate, and where they are at home to their friends.

The Review joins with the hosts of friends in wishing the happy young couple a most happy and prosperous journey down the stream of life together.
