Do not forget the W. C. T. U. meeting at the city hall next Monday afternoon. We expect Mrs. Addison to give us one of her splendid talks in the interest of the working people, and as we are all working people, it will be of interest to us all. Those who missed the last meeting really missed a treat, as the papers and talks were most excellent.—Reporter.

It is said that Dr. J. N. Grant of this city slipped off to Vancouver, Wash., Wednesday and became a benedict. The Dr. refuses to confirm the report, however, but his friends contend that it is a fact.

"ACROSS LOTS TO RICHES"

Most financial failures are caused by trying to go too fast. Those who go "across lots," or the get-rich-quick route, encounter many pitfalls.

The main-traveled road to success is the one which leads to the savings bank. It may seem slow to some, but proof abounds that those who keep on it succeed in accumulating money and learn to handle it wisely.

Suggestion: Make an "every-pay-day" deposit at the Peninsula National Bank and you will "arrive" sooner than those who take the route across lots to riches.

Alternate Car Service

St. Johns is to have a new method of operating its street cars, beginning Monday, October 20. The loop begins at Wall street and Lombard avenue, running north to Fessenden street which it follows until it reaches Jersey street and continuing down through the heart of St. Johns until Lombard is reached. The new scheme provides that alternate cars coming from Portland pass over Wall street making the loop. The opposite cars pass down Lombard street to St. Johns and go out on Fessenden street to Wall and Lombard streets reaching the main track at that point. The new arrangement gives practically a local car service in the St. Johns district.

The new schedule was worked out by the officials of the company at the request of the St. Johns Commercial Club and required an expenditure of \$5000. Cars going by way of the south track of the loop will be marked "south side" and those going on the north track "north side."

For the present the regular schedule now in force will be maintained, which later may be changed if adjustment is found necessary. All passengers on the cars will be supplied with schedules showing how each car will be routed, which should be carefully studied so that all may become familiar with the routing. The company deserves a large share of commendation for going to the expense of making this convenience for the St. Johns folks. In fact, the company has ever been fair in all its dealings with St. Johns folks, and given as much and more in the way of service than the patronage justified from a financial standpoint.

Commercial Club Meet

The Commercial club met in monthly session Wednesday evening with a fair representation present. President Pennell was unable to be present and Vice-President Bonham presided. In response to a written plea for endorsement of appropriation for the University of Oregon it was the sense of the meeting that it be heartily in favor of the state giving the institution the support needed and requested. A representative of Polk's Directory was present and solicited the support of the Club in the way of taking a page of advertising in the directory, which was referred to the board of governors. An invitation to attend an interstate bridge banquet at garage at 1140 Albina avenue by the North Portland Commercial club Saturday evening, November 1st, at which a number of prominent speakers are expected to be present, was extended. Practically every member present agreed to go, and many will take their wives also. A communication from D. C. Lewis, of the park committee, stated that a selection had been made and submitted to the city council for consideration. Mayor Bredeson, who was present, stated the locations of the tracts selected. It was decided to await the action of the council before taking any definite action by the club. It was decided to call the attention of the city council to Columbia boulevard between Jersey and Dawson streets with the suggestion that it be hard surfaced. The election of officers were made by suspending the rules and the secretary casting the ballot for all candidates, which were elected as follows: President, H. W. Bonham; vice-president, H. E. Pennell; second vice-president, Peter Autzen; treasurer, J. N. Edliffsen. Board of Governors—C. C. Currin, C. S. McGill, A. Larowe, F. P. Drinker, A. W. Markle, S. W. Rogers, O. J. Gatzmyer, W. M. Tower, P. H. Edliffsen, R. G. Brand, C. R. Thompson.

Clyde C. Lindley had one of his legs severely bruised by a heavy casting falling against it while at work at the Peninsula Iron Works, Wednesday.

A Farewell Party

A farewell party was given in honor of Jerome Whistler at his home, 811 N. Smith avenue, last Saturday evening, Oct. 11, by the young people of the Church of Christ. The party was given in order that he might meet with his friends and have one last jolly good time with them before he left this city. Every one enjoyed a very pleasant evening, playing games and having an all around good time together. But best of all was the "ests," served in two courses and which were those things appropriate to this time of year. There were thirty-five present to wish him success in his new work, viz: Edna Green, Lester Emerson, Frank Carlson, Clarence and Fred Herwick, Robert Johnson, Lucy Buckles, Cleo and Frances Nutting, Rose Steffens, Flora McNiven, Kenneth Hood, Viola and Ed. Westheffer, Lizzie and Ed. Powell, Julia and May Johnson, Alda and Gilbert Overstreet, Misses Summers, Hazel Peterson, Miss Hoversgart of Portland, Willard Cox, Carrie Byerlee, Miss Meade, Earl Moore, Jerome Whistler, Mr. and Mrs. R. D. Powell, Hugh and Clarence Whistler and Mr. and Mrs. H. L. Whistler.

Jerome left St. Johns Tuesday for Centralia, Wash., where he will enter the employment of Calef Bros.' Furniture Co. in that place. He will be missed by his many friends here, and especially by the young people with whom he has met Sunday after Sunday for almost five years. But we hope he will not forget, while making new friends there to come back and say "hello" to his old friends here once in a while.

Postmaster T. J. Monahan and wife and daughter, Mrs. C. H. Thayer, have returned from a delightful visit in Eastern states.

While on the trip the party were present at the wedding of William Monahan, their son and brother, at Montana. Mr. Monahan states that the people back in St. Jo are at least 25 years behind the people in this section in the way of progress and enterprise; that the water which is taken from the river is thick with mud, and has to be clarified before it can be drunk, which gives it an insipid taste. Also that the street car service is far inferior to ours. He says that he would not live back in Missouri again if they would give him half of the country.

M. F. Loy has returned for a short while from Eastern Oregon, where he is engaging in the cattle business. He expects to go back in a few days.

The Commonwealth Quartette at the High School auditorium Tuesday evening gave splendid satisfaction, and all were greatly pleased with the first number of the Lyeum Course. The attendance was large and appreciative.

William Wilson, formerly of Clearfield, county, Penna., arrived in St. Johns the first of the week and is a guest of his friend, James Dixon, and family on the Ogdon farm. Mr. Wilson is quite pleased with this section of the country and may decide to remain permanently.

The park committee has made its report, and it lies with the city council to either adopt, amend or reject the same. The committee states that it made its decisions without fear or favor, and that the selections made were the best of those submitted for selection. The council will no doubt take action next week.

Local News.

Satisfaction, is the word—Gilmore, the Barber. Adv.

N. J. Bailey is erecting a handsome dwelling on Hayes street, near Richmond.

A young son arrived at the home of Mr. and Mrs. Alex. Kerr one day last week.

Thad. T. Parker will open up offices in the Holbrook building next Monday to resume the practice of law in St. Johns.

Butter is now being put in half pound packages by the Hazelwood Creamery, which is a convenience to those who use but little butter.

W. N. Huginin of Syracuse, New York, is a guest of his kinsman, P. W. Hinman. He expects to locate permanently in this section.

D. S. Goode, brother of Rev. J. A. Goode, is rapidly recovering from a serious operation performed October 9th.

We understand that J. R. Kerr & Son have received the contract for the erection of a \$10,000 residence near Mount Hood for Mr. Mensinger, of the Star Sand Co.

Burlington street from Jersey to Central avenue is rapidly being improved by sidewalks and grade, which will improve the appearance of this thoroughfare considerably.

Mrs. T. S. Noonan and family left Sunday evening for Lead, South Dakota, where they will meet Mr. Noonan, who is engaged in the mining business there. The Noonans have resided in St. Johns for the past seven years, and their friends were loath to see them depart.

The opening of the Panama canal last Friday was greeted in St. Johns by all the whistles in the city blowing. It is believed that the dawn of great things for the Northwest—greater, in fact, than any citizen can fully realize—is breaking with the opening of this great short cut to the Eastern markets.

Congressman Lafferty has been appointed a member of the sub-committee of the House Committee on Interstate and Foreign Commerce to draft legislation to prevent the misbranding and adulteration of commodities entering into interstate commerce. Mr. Lafferty will be very glad to receive the views of his constituents as to what provisions should be included in the bill, and anyone desiring to offer suggestions is cordially requested to write to him at Washington.

Get an electric head treatment or massage at Gilmore's Barber Shop. Adv.

There are big plans in the making for a real Halloween evening for all friends of the Epworth League, at the old "Cattin" house on N. Fillmore St., Oct. 31. Keep that date open. We will tell you more next week.

J. E. Coffee has sold his barbering business on North Jersey street to a gentleman from Montana. Dick Perrine, who has been conducting the old Hall barber shop opposite the Multnomah, has discontinued the business, which will be occupied by the party purchasing from Mr. Coffee, and the Coffee shop abandoned.

A. A. Johnson, a former well known citizen of St. Johns, but who has been located at Waldport, Oregon, for some time, visited this city the latter part of last week. While he likes his new location fairly well, yet he says there is no place like St. Johns for him, and he expects to move back here in the Spring.

Thirty volunteers have been enrolled in Portland to start a campaign of education in favor of the interstate bridge between Multnomah County, in Oregon, and Clark County, in Washington. All the civic clubs and organizations of Portland are lined up behind this movement and it is expected the bond issue to be voted on at the November election will carry by a big majority.

The water rate case was heard before the Railway Commission at Portland last week. A number of St. Johns citizens testified. It will be sometime yet before a decision will be arrived at by the Commission. The decision will establish a precedent for all small towns and cities of the state in the matter of water rates, and for this reason the greatest care will no doubt be exercised by the Commission.

Miss Anna Hillis, who has been making her home with the family of Roy Kennison, 922 Burr street, for the past year, became wondering in mind last Thursday and was taken in charge by Chief of Police Allen. After spending Thursday evening in the detention room of the city hall, being the first occupant to spend a night there, the Chief notified the Sheriff's office and she was taken to Portland, where she will likely be placed in the county home. She has no relatives here, but had a brother in Independence who had been contributing to her support. She had been quite deaf for a number of years.
