J. H. Ross brought specimens of Egyptian wheat into this office yesterday which he had grown at his home at 211 South Willamette boulevard. The stalks were large and heavily burdened with grains of wheat. A chicken case was tried before Municipal Judge F. A. Rice Tuesday morning, in which Fred Fenton was the defendant and D. E. Gonsolus the complainant. Mr. Gonsolus complained that chickens which he believed were owned by Mr. Fenton had damaged his property by scratching in the lawn and among the vegetables, but he was unable to prove the ownership of the chickens, and the case was dismissed. Former city attorney H. E. Collier represented Mr. Fenton, while City Attorney Gatzmeyer had charge of the prosecution. Quite a number testified, several of whom were young ladies.

Nora Blancher Fletcher, wife of George A. Fletcher, 814 Willamette boulevard, died at 4 o'clock Tuesday afternoon, after a lingering illness. She was born at Dallas, Oregon, November 16, 1880, and had lived in St. Johns since last January. She was baptized in the Congregational church August 23 of this year. Deceased leaves a husband, mother, Mrs. McLean of Portland, and two sisters, Mrs. L. Mason of Tacoma, Wash., and Mrs. Maud Hemming of St. Johns. The funeral took place from the St. Johns Undertaking Co. parlors yesterday afternoon at 2 o'clock. Rev. James Murphey officiating. Interment in Columbia cemetery.

S. P. Krause of 345 Russell street, Portland, attempted to board a St. Johns car while in motion between Chicago street and the regular St. Johns stop last Saturday morning, missed his hold and was thrown against the car, bruising him considerably. He was taken into the St. Johns Pharmacy for temporary relief, and the ambulance of the St. Johns Undertaking Company quickly secured, and the unfortunate yet rash young man was conveyed to the Good Samaritan hospital. The conductor on the car immediately noticed that the man had failed in his attempt to make the car and quickly gave the signal for the emergency brakes, which the motorman applied in an instant, making, it is said, one of the quickest stops on record and saving the young man from being crushed under the wheels. The convenience of an ambulance in St. Johns was fully exemplified in this instance. We understand that the young man was not dangerously injured, although badly bruised.

Mrs. Frank Blanding left for her home at St. Croix Falls, Wis., Saturday after an extended visit with her son, Charles, in this city. It was the first time she had seen him in ten years, and the visit was greatly enjoyed. Mrs. Blanding is much in love with Oregon.

A small residence owned by Ludwig Schaline at 806 North Jersey street was destroyed by fire at 4:50 Sunday morning. Mr. Schaline had been living in the house alone, and it is said that he left the house a little after 4 o'clock to take a train to Oregon City. How the fire originated is a mystery. The firemen made their usual good time in getting to the scene and saved a portion of the building. We understand it was fully covered by insurance.

So attractive have been the reports of the superior quality of Oregon apples that a party of pilgrims came all the way from Johannesburg, South Africa, to Portland in order to see for themselves whether or not Oregon fruit was so much better than that from other parts of the world. They came, they saw, and they left orders to the extent of 25 car loads of the finest apples Oregon could produce. This purchase is merely the entering wedge. In the past the bulk of apples for the South African trade have been purchased in Nova Scotia and other Eastern sections, but acquaintanceship with the wonderful coloring, quality and long keeping characteristics of Oregon apples will undoubtedly result in diverting practically all future orders to the Pacific Northwest, a movement which will be greatly stimulated when the Panama Canal is in operation.

The day is not far distant, says an exchange, when "cards of thanks" will be a thing of the past. When death enters a home neighbors never fail to do all in their power to place a silver lining back of the dark cloud, and they do not expect or desire any thanks through the public press. One subscriber, however, not to be outdone, sent in the following: "Mr. Editor: I desire to thank the friends and neighbors most heartily in this manner for their co-operation during the illness and death of my late husband, who escaped from me by the hand of death on last Friday, while eating breakfast. To my friends and all who contributed so willingly toward making the last moments and the funeral a success, I desire to remember most kindly, hoping these lines will find them enjoying the same blessing. I have also a good milk cow and roan gelding horse, eight years old, which I will sell cheap. "God moves in a mysterious way. His wonders to perform. He plants His footsteps on the sea and rides upon the storm." Also a black and white shoat cheap."

Editor Review: Judging from the intimations and side remarks made at the city council last Tuesday evening, the laboring men, as such, is not to receive very much consideration in the park question. Here is the situation: One of the proposed park sites carries with it a roadway to one of the labor-employing plants of the city. At the present time the laboring men have to go to their places of work over private property and through wet brush. Is this fair to the St. Johns working man? We need a roadway to the dry dock so the St. Johns plant can compete with the Portland plant, and on completion of the Panama canal be in such a favorable condition that it can care for the ships that come to the plant, and thereby give work to double the men it now does.

The laboring men of St. Johns are entitled to consideration, and their votes count as well as the votes of those who do not do manual work. D. C. Lewis.
