

A Productive Hen

A short time ago the Oregon Agricultural College announced the fact that a cross bred hen had turned out 291 eggs in her first twelve months of usefulness, and stated that no other egg machine had ever before reached that rate of speed. Now, the college announces, the original best hen-in-the world will have to take a back seat, as another has succeeded in laying 303 eggs in exactly one year. This new hen, like the former record breaker, is a cross between the Barred Rocks and White Leghorns. Professor Dryden, in charge of the poultry department at the college, says that no special attempt, outside of the breeding, was made to secure high records. The methods followed in feeding and general care were such as might be profitably followed by any farmer or owner of poultry. The 303 eggs produced by the record breaking hen weighed 42 pounds, or about eight times the weight of the hen herself, and were remarkably uniform in size, shape and color. Many requests have been received at the college to place the hen on exhibition, but on account of her great value as a breeder, it has been decided that the risks are greater than the value of the advertising.

Prof. Goettl, director of the department of surgery at the University of Kiel, announces the complete success of an extraordinary operation performed by removing the fourth finger of a patient's left hand and replacing the second toe of his left foot.

Oregon Agricultural College FARMERS' WEEK

December 8th to 13th, 1913

This will be a notable event in the educational history of Oregon. Farmers' Co-operation will be the leading topic of a stimulating series of lectures. The week will be crowded with discussions, and demonstrations in every thing that makes for the welfare of the farmer and homemaker.

WINTER SHORT COURSE

The College has spared no effort to make this the most complete short course in its history. A very wide range of courses will be offered in General Agriculture, Horticulture, Animal Husbandry, Dairying, Poultry Keeping, Mechanical Arts, Domestic Science and Art, Commerce, Forestry, and Music. Numerous lectures and discussions on Farmers' CO-OPERATION, at home and abroad, will be a leading feature. Make this a pleasant and profitable winter outing. No tuition, accommodations reasonable. Reduced rates on all railroads. For further information address:

The Republican press is endeavoring to make the country believe that Europe is irritated at President Wilson's Mexico policy. England, France and Germany, however, have just said: "Woody, old boy, we will back you up in your policy down there."
