Statistics gathered at the poultry show held in Portland last week show that poultry and poultry products annually add more wealth to the state than does fruit, three times as much as wool, one and a half times as much as hops, nearly half as much as wheat and represents about 6 per cent of the total agricultural wealth of the state. It has heretofore been claimed that Oregon is not a poultry state, but with our agricultural college devoting time and money to the improvement of existing breeds, a great deal of interest in the industry is being aroused.

For the past two months a party of deputy game wardens has been busy locating the boundaries of the new game refuge, 36 miles square, lying in Lake and Crook counties, in the central part of the state. The primary object in establishing this refuge is the protection of the mule deer and antelope which are still found in considerable number in that vicinity. The refuge is also a sort of natural park, containing many hot springs, lava bed, medicinal lakes and other objects of interest to the tourist and naturalist.

Review 50c Per Year

It is the custom of many newspapers to offer premiums occasionally in order to acquire a larger subscription list. Different articles that run the gamut from books to household utensils are thus held out as inducements by various publications. The Review has decided to inaugurate a campaign for a larger subscription list in St. Johns. Owing to the closeness of times and a corresponding scarcity of the coin of the realm, instead of offering premiums, the Review will be sent to any address in St. Johns at one-half price, or fifty cents per year, which we believe will be more appreciated than a premium would be. This reduction in price will hold good only until January first. Present subscribers may avail themselves of the bargain rate also by paying up arrears, if any exist, and fifty cents for one year in advance. Every home in St. Johns should receive the Review each week. It is a duty every citizen owes to the community, because the larger the subscription list the better paper, and the better the paper the more benefit it will be to the community. Take advantage of the bargain rate, and tell your friends about it.

Since the duty has been taken off of eggs the price is soaring around the 70 cent mark.

Notice of Cost of Improvement

Notice is hereby given that the assessment for the improving of Polk street from Fessenden to St. Johns Heights Addition, the total cost of which is \$5,645.75, was declared by Ordinance No. 575, entitled "An ordinance declaring the cost of improving Polk street from the southerly line of Fessenden street to the northerly line of St. Johns Heights Add., in the city of St. Johns, Oregon, and assessing the property benefited thereby, declaring such assessment and directing the entry of the same in the docket of city liens."

The cost of said improvement is levied upon all the lots, parts of lots and parcels of land within the boundaries of the district, as follows: Between the southerly line of Fessenden street and the northerly line of St. Johns Heights Addition.

A statement of said assessment has been entered in the docket of city liens December 3, 1913, and said assessment is now due and payable at the office of the recorder of the city of St. Johns, Oregon, and will be delinquent and bear interest after December 13, 1913, and if not paid on or before January 2, 1914, proceedings will be taken for the collection of the same by sale of property as provided by the city charter.
