The nomination of our townsman, D. C. Lewis, is a matter of gratification to a number of our citizens. He led his ticket in every precinct in St. Johns by a big margin, and was third in the list of the twelve successful candidates in number of votes received. His election in November is a foregone conclusion. That Mr. Lewis will make good, and be of great benefit to this section of the state when the next legislature convenes is undoubted.

The board of governors of the Commercial club met at luncheon in the club rooms Monday noon, and held a short business session. Reports from the various committees showed progress being made all along the line. St. Johns has no fire department. The volunteers quit because the voters turned down the plan to purchase a \$9500 auto fire engine. The council tried to pacify the firemen, but it would not go, and out they went. Looking at the list of junk they had to fight fire with, I don't think they are much to blame for refusing to further sacrifice time and labor for the benefit of the dear public.—L. H. Wells in Gresham Outlook. Mr. Wells is a little "rude."

A. W. Lafferty for Congress had more than two to one votes in St. Johns than his successful competitor, McArthur. Lafferty has ever been popular in St. Johns, and his defeat in the district is a matter of regret to many. He has been a friend of the common people, but like the case of Senator Bourne, they failed to realize it. Strange how the common people fail to uphold their real friend and champion, and then complain about how things are run politically. The people as a rule get just what they deserve.

The Progressive Study Club met with Mrs. E. C. Geeslin on Buchanan street Thursday afternoon of last week with nearly every member present. Several new members were added to the club list. Central School Notes

The base ball game between the Central School boys and the Portsmouth team did not materialize, as the Portsmouth team failed to appear as scheduled for Tuesday afternoon. Thursday afternoon our boys made the trip to Peninsula Park to play the Ockley Green boys, but through a misunderstanding the O. G. boys were playing Thompson. No more games will be planned until our diamond is in shape.

Room 3.—The pupils of Room 3 have completed the regular work and are having a general review, and taking supplementary work. George Jeffcott has been ill for a week, but has now returned and the pupils are glad, because they wish to keep their usual high percentage of attendance.

Room 9.—The pupils of Room 9 are preparing the essays for the contest conducted by the W. C. T. U. The subjects chosen are, "Effects of Alcohol on the Body," and "The Cigarette Habit."

Room 10.—The W. C. T. U. contest is also interesting the pupils of Room 10. The topic chosen is "The Effects of Alcohol on the Body." The arithmetic work has been given some practical augmentation by the class in measurements. Every thing appurtenant to Central building has been measured; wood, streets, walks, etc. Roy Gillam has left school to work in the mills. Roy is a class favorite, and we wish him good luck. Vera Crawford has left St. Johns and gone to live at her former home in the Coos Bay country.

Last Monday afternoon the pupils of Room 10 employed their "Honor Time" earned in an almost perfect attendance record, by taking lunches and hieing themselves to a shady hillside on the Germantown Road. The only program was to exercise limb and lung, for a few hours, in the open. The pupils are just as enthusiastic about their school work as picnics, as is attested by those teachers who have been fortunate enough to have had them.

Room 11.—Eldora Montgomery and Harold Case handed in compositions on "Intoxicants and Athletics," and "The Effects of Alcohol on the Human Body." The pupils of Room 11 had a jolly picnic Tuesday evening after school. They took a trip up the ravine back of the gas plant, to where nature has furnished such an abundance of clear, sparkling spring water. A big bonfire was built, "weinies" were roasted, and a hot lunch was enjoyed. Every one came back in the best of spirits, and one bright boy was heard to remark, "I'd go to school and study hard if we could have a picnic after school each day." A little picnic now and then is relished by the best of men.

Room 12.—The pupils of Room 12 have chosen "Intoxicants and Athletics" and "Intoxicants and Scholarship." Chester Hays and Ruth Cowles have handed in the best papers, on the respective topics.

The first division of the 8A had an arithmetic test Monday and those submitting perfect papers were Chester Hays, Ruth Edmondson, Mabel Hartle and Lillian Rawson.

Room 15.—The "Student Folks" in Room 15 on "Physiology" are in charge of Miss Dunsmore. She has assigned to each member of the class, some part of the human body, as a topic for discussion as to description, care and treatment in case of disease or disability. The manuscripts submitted on the various topics, suggested in the circular sent by the W. C. T. U. contest department, are excellent and it will be necessary to make very exacting criticisms in order to limit the number sent to the judges.—Reporter.

Corona Club Events

Tuesday evening, May 19, the Corona Club held its regular weekly meeting at the library and the guests of honor were Mr. K. C. Couch, a prominent business man of St. Johns and at one time a member of the Legislature. Mr. Couch told of the proceedings of that law making body and gave a detailed description of the formalities of making a bill into a law, from its introduction to its final stage. Every word of the lecture was followed with the keenest interest and the Journal, Calendar, Receipt Book and Legislative Blanks which were loaned by Mr. Couch, were studied and discussed later.

Mrs. Hall gave two of her readings which were immensely enjoyed and she would probably be speaking yet if the members of the club had their desire gratified.

The "Live Wires" of the Club presented the speakers with bouquets of rosebuds, the club flowers, and a vote of thanks was extended to them.

The club considers itself very fortunate in being permitted to hear such capable speakers and to have the recognition and assistance from all the best people of St. Johns. The club extends a welcome to the Tuesday evening meetings to any one interested.

The Corona Girls' Glee Club met at Miss Fitterer's last week for rehearsal, and will meet this week at the home of Miss Linquist.

The pennants have arrived from San Francisco, and the old rose forms a pleasing harmony with the old gold. The pennants were designed by Miss Freda Payne, and the monogram was originated by Glenn Wright.—Reporter.

Paid With License Money

During the last few weeks people no doubt have heard or listened to politicians or others making campaign speeches criticizing the great cost of the upkeep of the Fish and Game Commission, explaining to the public that the same was a great expense to the taxpayers. There are a great many people who, no doubt, believe that the protection of game birds, fish and propagation of birds and fish is paid for by the taxpayers. The state of Oregon is the only one of the Union that has a self supporting Fish and Game Commission. There is not one cent paid by any taxpayer toward the protection of game of any kind in this state, unless a person cares for the sport or pleasure. The entire department of game of this state is self supporting. All monies paid out of the fund, called Game Protection Fund, comes from hunters' and anglers' licenses.

In most cases we do not hear the man complain who pays for the sport, as he knows where the money comes from that pays for this work. It is in most cases the person who believes that the same is derived from money out of the general fund created from taxpayers' money. If a man does not care for the pastime of fishing or hunting it does not cost him anything.—Frank Ervin, District State Game Warden, State of Oregon.

General Compton G. A. R. are making preparations for the proper observance of Memorial Day, May 30th, assisted by Compton W. R. C. and Ladies of the G. A. R. The service will be held between 11 and 12 m. in the park shade in the rear of Mr. King's residence. The line of march will consist of school children as escort, Compton Post W. R. C., Ladies of the G. A. R., S. of V. and Spanish war veterans. All war veterans of any war and their descendants are cordially invited to take place in line. It is hoped that our citizens will take part and assist in these exercises. A more definite program will appear next week.

The Post and kindred organizations will visit the schools next Friday.
