

THE HUBBARD GIANTS PLAY HERE SUNDAY

The Hubbard Giants, colored, will play a game of ball with the St. Johns Pharmacy club on the Hill grounds Sunday afternoon. The Hubbards, besides being good ball players, are said to be exceedingly comical and afford a lot of amusement on the diamond. The local grounds have been placed in fine condition with the aid of a scraper, and an interesting contest is anticipated.

Rather Days of Worry

These should be rather anxious days to President Wilson and his chief advisers. The President drove through his not much disguised free trade bill until it became a law. But somehow it is not bringing the promised millennium. Prices have not fallen, not one more of the idle men of the country has found employment because of it. Rather a great many big industries are slowing down in preparation of going out of business. Moreover, the imports into our country are increasing, the exports are falling off. Except for the immense interior of our country and the vast volume of business in that region, the nation would be even now realizing the difference between buying something for a dollar from abroad, and sending the money out of the country to pay for it, and paying a dollar and ten cents for it and keeping the money at home. That subject has often been threshed over, but it seems necessary about once every generation to knock our country down and give it a black eye to renew its sight. The trouble is that last sentence is not a paradox, but a fact to cry over.—Goodwin's Weekly.

SUMMERTIME ITS GOOD OLD SUMMERTIME

Merchandise Methods and Business Hours are Changing Rapidly. The Smaller Stores must in time Pattern their Methods after the Larger.

An innovation has transpired in New York City where several of the largest stores are to close all day Saturday for two months. Many stores in Chicago close at 1 o'clock on Saturday the year around.

In Portland the leading stores close at 6 o'clock Saturday.

It is the intention of this firm to take the best possible care of its patrons. We have come to the belief that it can best be done by giving our help shorter hours. More than that the Industrial Welfare Commission will compel that if the merchants themselves do not provide for it.

The "Good Old Summer Time" when nature entices, when the air entrances and the scenery inspires, we consider the time to live to the fullest extent; the time to start something.

So beginning the first Wednesday in June all of our Departments will close at 12:30 o'clock each Wednesday.

On Saturday we will endeavor to close our Dry Goods and Grocery Departments at 9:30; our Toggery at 10 o'clock.

We will try letting our Salesladies go at 6 o'clock on Saturdays, but will keep the Dry Goods Department in operation by men after that hour.

Saturday, Memorial Day, we will close at 12:30 and remain closed till Monday morning.
