## Local News.

Send in your news items.  
Lots of political speaking in St. Johns these nights.  
Sunday was a glorious day, as were a number of other days during the past couple of weeks.

M. G. Urban is having two neat dwellings erected, one on Smith avenue, and the other on St. Johns avenue.

Miss Emma L. Somers, assistant city recorder, has been off duty a day or two this week, suffering from tonsillitis.

Roger Moe of Hood River paid the Review a very pleasant visit Wednesday. His father is publisher of the Hood River Glacier.

The St. Johns foot ball team defeated the Overlook team by a score of 22 to 0 in an interesting game Sunday afternoon at the Hill grounds.

Mrs. B. C. Payne of Oklahoma City, Oklahoma, has been spending the past two weeks with her brother, Attorney E. C. Geeslin of this city.

Thomas Sweeney, by reason of his large and varied experience in road building, would be a good man in the County Commissioners' office. He is the progressive candidate.

A mass meeting will be held in the city hall tomorrow evening to discuss the merits of the various amendments to be voted upon next Tuesday. An old saloon keeper will also discuss the saloon business. All invited.

Candidates Word, Flegal, Hurst and others spoke at the city hall last Saturday evening; Hanley and Moulton spoke upon the streets, and a number of others, including Mrs. Little, spoke in the Columbia theatre the same evening.

Don't fail to see the splendid premium offer made by The Fraternal Brotherhood in Ormandy Bros.' window, consisting of solid waxed oak dining table and chairs, to be given to the member securing the largest number of new members.

The immense ballot this year will keep the voters guessing, especially so in regard to the various measures submitted. It is safe to predict that very few of the measures will carry. What the state needs is fewer laws better enforced.

Special evangelistic meetings are being held at the Christian church, Rev. Williams having charge of the meetings. The crowds and interest manifested are fine. Everybody welcome. We are trying to help St. Johns. Come, give us a hand.—Superintendent of the School.

We wish to express our appreciation and thanks to our friends and neighbors who so kindly and sympathetically assisted us during the illness, death and bereavement of our loving daughter and sister. Also for the many beautiful floral offerings.—Mr. and Mrs. M. A. Nelson and family.

The Fraternal Brotherhood drill team has been preparing for some time for a competitive drill to be held Wednesday evening, November 11th, in the Selling-Hirsch building, Portland. This will be an open meeting and reception given in honor of their Supreme Vice President, A. Morgan Duke, of Los Angeles. The public is cordially invited to attend.

Secretary Hiller of the Commercial club has received word, in reply to a letter of inquiry, from the Board of Underwriters that a rating in insurance rates has been made in St. Johns, in accordance with an agreement made by the Underwriters to that effect, provided the city install better fire fighting apparatus. Local agents will have the new rating given them in a few days, if they have not already received them.

It is announced that the Panama Pacific Exposition could be opened by Christmas instead of February, owing to the fact that the buildings and other arrangements will practically be complete by that time. An effort is being made to have the reduced railroad fare rates to the Exposition still further reduced. The rate from New York to San Francisco for the round trip will probably be less than \$65.

St. Johns Lodge No. 545 of The Fraternal Brotherhood very pleasantly surprised their president, Mrs. Hattie McKinney, on Thursday evening, October 22, at her home on South Hayes street. The evening was very pleasantly spent in playing 500. Dainty refreshments were served. Those present were Mr. and Mrs. Clyde Rogers, Mr. and Mrs. Charles Asper, Mr. and Mrs. Herbert Darrow, Mr. and Mrs. Charles Tracy, Mr. and Mrs. Wesley Heck, Mesdames Florence Price, Anna Dryden, Margaret O'Connor Willumsen, Gilmore, Granger, Herbert Beam, Mr. and Mrs. Elmer James son Edgar, George Welshous, Fred Pieper, Carl Bergman, Edward Powell.

"Watches" made over into "Time-pieces" at reasonable rates at Rogers', 309 N. Jersey street.

Don't forget to vote for D. C. Lewis for the Legislature next Tuesday. If elected he will do all for the Peninsula that any man can do.

Vote for your favorite candidate in the Journal Grand Prize Contest when making purchases at The St. Johns Pharmacy, Leading Druggist.

Suite of four rooms for rent, furnished or unfurnished, with heat, water and light.—First Trust & Savings Bank, building, 1302 Fessenden street.

William Hanley, Progressive candidate for U. S. Senator, was a visitor in St. Johns Saturday, in company with Thomas Sweeney, Progressive candidate for County Commissioner.

Friday, November 6th, will be St. Johns day at the Manufacturers' and Land Products Show at Portland. Get ready to go along with the crowd. The show is a dandy. Don't miss it.

David Byerlee, formerly a member of the Review force, but now located at Centralia, Wash., was a guest of relatives and friends here Sunday. He is employed on the Daily Hub, being one of its most efficient and artistic printers.

A committee consisting of O. J. Gatzmyer, A. W. Markle and C. A. Fry, appointed by President Couch of the Commercial club to report on the Docks and Wharves bills, made an adverse report Tuesday afternoon.

Dr. Chester G. Hall and D. Edward A. Noyes have united as a firm and have taken over the business of Dr. DeVaul of Portsmouth, who will go to California for his health. They will operate an office at Arbor Lodge and Portsmouth.

Carl Stone died at the St. Vincent's hospital at 11 o'clock Tuesday night, aged about 21 years. He was a son of the late A. S. Stone of St. Johns, and unmarried. He had been employed by the S. P. & S. Railroad Company and was a fine young man. The funeral takes place from the St. Johns Undertaking parlors this afternoon at 2:30; interment in Columbia cemetery.

The proposed routing of the St. Johns cars via Second street instead of Fifth, as now obtains, is meeting with a storm of protest from the St. Johns citizens, as it would take from seven to ten minutes longer in making the trip. The chances are that the change will not be made. The Commercial Club is especially active in remonstrating and protesting against it.

Whether or not Crook county is to be divided up into two or three counties will be decided at the coming election. There is a proposition to take off a part of the present county to be called Deschutes county, and another part to be called Jefferson county. If the division is made at this time the two new counties will start life with few inhabitants but entirely free from debt.

One reason why capital punishment should be abolished in Oregon is because under the jury system in America many a man has been put to death not because the twelve men all really agreed with the decision, but because one or two or more of them were brow beaten or coerced into agreement by other jurors, or a dislike to stay in the jury room for an extended or indefinite period. The death penalty is only a relic of a by-gone and dark age, and should be abolished.

A pleasant birthday party was enjoyed by James R. Chaney at his home on Tuesday afternoon, October 27, in honor of his fifth birthday. All present seemed to enjoy themselves immensely. Those present were Helen Dunbar, Charles Chaney, Zeta and Alice Harrington, Alice Monahan, Margaret Lewis, Pearl and Alma Muck, Hubert Hemming, Norma and Harold Seal, V'Ana Saylor, Ellen and Laura Norene, Frank and James Chaney; also Mesdames G. W. Dunbar, Marguerite Buery, C. R. Chaney, C. J. Seal, W. E. Harrington and W. J. Chaney.

Vote for D. C. Lewis for state representative. If we can put Languth in the senate and Lewis in the house, we will be sure to have two friends at court who will look after the interests of this section. In Mr. Lewis we have a man whose interests are especially identified with ours. He is the only representative from this part of the county. Let us see if we cannot make his vote unanimous. He is a republican but the democrats laid aside party distinctions at the primary, and thus gave him a double nomination. His home is in St. Johns, making his interests our interests for he can do nothing for his own home without helping Linnton. His number on the ballot is 75. Be sure to vote that number and help elect a Linnton man.—Linnton Leader.

Vote for J. M. Swisher for Constable, St. Johns district. Mr. Swisher is the Republican Progressive candidate for Constable, an office which he has held and served with credit for the past year or so. His number on the ballot is 143. A vote for Mr. Swisher is a vote for efficient and faithful service. Adv.

Menu for the Winter, at "The Geneva Chili Parlor," 215 1/2 N. Jersey street: Chili con carne, chicken tamales, pot pie, Chinese noodles, clam stew, clam, beef and tomato bouillon, oyster cocktails, hot chocolate, coffee, sandwiches, pie and soft drinks. The only place in the city where they make the genuine Mexican chili con carne, and chicken tamale pot pie.

For Rent—Small house, comfortable; lot 60x100, and poultry yards 100x260, with 8 foot fence divided into five yards; water piped, three incubators and in-cubator house connected with gas, three apartment chicken house, coops and feed cooker and grinder, also duck pond. For further particulars, call Columbia 646, or address T. F. Levens, 120 South Olympia street, St. Johns.

A speaker on the street corner Monday night stated that the Democratic party came into power when the country was at high tide in the way of prosperity. Too bad the people did not know that. They believed it to be at low tide in 1912 and voted for a change in administration. It is too bad entirely that this information was not given out sooner.

Of great interest to Portland and incidentally to the entire state was the visit last Friday of the traveling passenger agents of the Canadian Pacific Railroad, when they were entertained by the Portland Commercial Club. These men are looking over the territory preliminary to fixing their rates for the tourist travel to the coast next year. Every passenger going to the San Francisco Exposition by way of the Canadian road will pass through Oregon, and it is hoped that a large percentage of them may be induced to remain for some little time in the state.

J. E. Williams, candidate to succeed himself as Justice of the Peace, has been a resident of St. Johns for a number of years, and has been interested in the city's growth and development ever since locating here. He is a man of broad intelligence, fine judgment and is well fitted to dispense the duties of his office in a careful and competent manner. While he may have made some mistakes since taking his oath of office, yet he has ever tried to do his duty as he saw it. He is ever as merciful in his decisions as a sense of justice would permit. He has been nominated by the Republican, Democratic and Progressive parties and, therefore, has friends in all political parties. The position suits him and he suits the position. His number on the ballot is 140.

The wood pile is beginning to disappear with more regrettable rapidity.

One St. Johns citizen lost his bearings a little Tuesday when he hastened to the office of the chief of police to find out where he could vote on the recall.

Mrs. Chas. A. Boyd entertained the Debonair Club at her handsome home on Buchanan street Thursday of last week. A fine lunch was served and all enjoyed the event very much.

At the second party given by the I. O. O. F. at University Park, Mrs. Chas. Moore made the high score for the ladies, 2780, and E. E. Geeslin the highest gentleman's score 2820. The next party will be held tomorrow, Saturday, evening.

The question has often been asked when rejection of capital punishment is upheld: "Would you not want a man hung if he killed your boy?" Another question just as pertinent is: "If your boy should, in a fit of passion, kill a man, would you want him hanged?" Think it over—It works both ways. Every murderer is somebody's boy, remember.

A rather amusing occurrence happened in Sunday's Oregonian. It published a long article in an endeavor to show that Lafferty had belittled the administration's policy in Mexican affairs. As a matter of fact the Oregonian has been doing that very thing right along. If it was a bad thing for Lafferty to do, how about the Oregonian's People in glass houses should not throw stones.

J. M. Swisher, Republican-Progressive candidate to succeed himself as Constable in the St. Johns district, has filled the office honorably and well for the past year. When he is sent out to get a man he gets him—if any man could, yet he does it in the least offensive or officious way. He is a good officer; in fact it would be practically an impossibility to secure a better one. And if Mr. Swisher is reelected Constable the people may rest assured that they could not have made a better choice. His number on the ballot is 143.

H. M. Waldref, independent candidate for Justice of the Peace, is present city councilman. He was a member of this body last year and the voters liked his manner of serving the public so well that they reelected him again by a handsome vote. He has served much in public life heretofore and as Justice of the Peace in his former home town for a number of years. Mr. Waldref is a man who can be depended upon to do his full duty in whatever capacity he may serve. He is a man who is conscientious, careful, has good judgment and is thoroughly reliable. If elected Justice of the Peace he can be depended upon to give faithful and efficient service. His number on the ballot is 139.

Hon. A. W. Lafferty spoke at the Peninsula bank corner Wednesday evening to a fair sized crowd of listeners. He came out here rather unexpectedly, and the event not being well advertised, few of his friends knew of his coming. Lafferty has become a finished orator with a distinct and pleasing voice and convincing manner. He speaks right out from the shoulder, let the chips fall where they may. His refusal to truckle to big business has lost him their support and incurred their enmity, and it is from the common people in whose interests he is laboring that his election must come. He is the champion of the common people, and they will send him back to Washington to longer represent them in the admirable style he has been pursuing.

The Bachelor Club gave a delightful dance in the skating rink last Friday evening. The attendance was large and all enjoyed the event immensely. Rudd's orchestra furnished the music.

R. L. Burk raised some prize potatoes at his home, 215 West Tyler street, this season. From one hill he extracted seven large, firm beautiful spuds that weighed one ounce over eight pounds. They are the finest potatoes we have yet seen this year. They were planted on June 20th.

A fire took place at the home of Mrs. Julia Thompson, 615 Chapel street, Wednesday evening about 6 o'clock, caused by the explosion of a lamp. The fire department made splendid time in reaching the scene and soon extinguished the flames before much damage had been wrought. The piano was scorched to some extent and the carpet damaged, the total damage not exceeding \$50.

Hereafter lessons in fancy work at Couch & Co.'s store will be arranged so that on Tuesdays from 3:30 to 5 p. m. children only will be taught. On Thursdays from 2:30 to 5 p. m. lessons will be given to the ladies only. These lessons are proving most popular with the feminine element of our city, and more are seeking lessons than can very well be accommodated, hence the arrangement as above stated.

Frank Clark, Democratic candidate for the office of Constable, St. Johns district, has for a number of years been a business man of St. Johns, and is at present conducting a first class and attractive store on South Jersey street. He is well known by the great majority of our citizens, and is fully capable of making a good, efficient Constable. His number on the ballot is 142.

The recall in Portland was a fizzle Tuesday, as it well should have been. The Mayor and Commissioners have been doing the best they know in all probability, and will profit in the future from any mistakes they have made in the past, and then there was no assurance that the aspirants for the offices to be made vacant by the recall would prove any more efficient. The recall should be invoked only as a last resort. It was entirely uncalculated for in the instance in question,
