Of interest to all wool growers in this and adjoining states is a movement recently inaugurated to establish a big wool warehouse in Portland to handle the clip from all flocks in this territory, thus eliminating the speculator and broker who have heretofore cut deeply into the annual receipts of the sheepmen. Under the new plan a wool will be graded here and the producer will be advised exactly what his wool is worth. It is estimated that this plan will net the woolmen from three to five cents per pound over former prices.

Afterwards those present repaired to the Eagles Hall and danced till nearly twelve. Many pretty dresses were in evidence among the teachers and Club members.
