DuRoss has produced both throughout the country with great success and assures us that either one of them as produced by himself will be sure to give the lovers of opera a great treat. It is to be regretted that St. Johns has no suitable play house in which to give this most worthy production, and we hope that in the near future some pub-lic spirited person or persons will confer a great favor upon our community and a lasting fame to their name by giving our city a first class opera
