Frank Leonard, contractor, Lewis building, secured the contract for the erection of two buildings to be built for the Union Meat Company at North Portland. One building will be used for a fertilizer storage and the other will be a fertilizer dryer building, the former being 90x126 feet in dimensions construction with brick panels. Mr. Leonard reported that he had not yet let any sub con-tracts. The cost of the buildings was not given but the improvements, including the large amount of equipment, is expected to exceed \$100,000.

TO OUR FRIENDS AND PATRONS:

St. Johns never before had such a Christmas business as the merchants have all had this year. The buying public never was so good natured, so considerate of the overworked sales people as they have been this season. For this spirit we, and all of our help, are grateful. So we thank you for your generous patronage and extend to you our best wishes for a most happy and prosperous nineteen hundred eighteen.

BONHAM & CURRIER

L. E. ROSE, Mgr. Toggery Dept.

We wish you a Happy

The rush of Christmas shopping is over and we find numerous broken lines of goods on our shelves upon which we wish to put such a price as will induce you to purchase them now, and we will save you money in so doing. We ask you to come in and investigate. In these days when every heart thrills with patriotic emotions, and every one is disposed to do "their bit" the demands upon us in a financial way are somewhat heavy, and every dollar we can save by judicious buying will enable us to invest more in those things that will help in saving our country and adding some comforts for the boys at the front who are making the supreme sacrifice. And, again, let us wish you a happy and prosperous New Year.
