Oregon must furnish 369 men for military service and entrain them for Camp Lewis, Wash., between March 29 and April 2, as its share of 900,000 men to be called up throughout the United States on those dates. No county in the state is to be exempted from this draft call, according to the orders received from the War Department by the Adjutant General of Oregon. The 369 men to be taken from the state on this call will be credited later on the quota Oregon is called to furnish in the new draft, the date of which is yet to be announced.

Beginning the day after Easter Sunday, March 31, everybody in the United States must set his time piece ahead one hour, to the end that sixty minutes daylight may be saved for war purposes. Congress has so ordered, and the people, of course, will obey. They have got to obey or they will be penalized for being late, or they will miss their trains, or involve themselves in delays and confusions too numerous to mention. The law is operative six months, the order being automatically canceled on the last day of October.
