**\$100 Reward, \$100**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## HOMESEEKERS WILL FIND RICH ACRES IN OREGON

**R. A. SMITH**  
COLONIZATION & INDUSTRIAL AGENT  
**The Oregon Almanac**  
contains a vast amount of interesting and valuable information covering the great state.  
If you are thinking of farming or are seeking a business location, in the West, you should certainly have that book. It will assist a way of it to you absolutely FREE. Write to me today.  
You are cordially invited to call at Room 117, Union Pacific Building, to see our excellent and valuable exhibit of products grown in the Union Pacific country.  
R. A. SMITH, Colonization & Industrial Agent, Union Pacific System, Room 117, U. P. Bldg., Omaha, Neb.

(Above—Sample of Advertisement Used in Eastern Newspapers.)

**OREGON FACTS**  
1. Oregon fruits world-famous for quality, beauty and delicious flavor.  
2. Fishing industry ranks high, especially salmon, but it also produces splendid sea fish, as well as oysters, clams, crabs, etc.  
3. Furnishes finest wool in America, and is a leading sheep producer.  
4. Large production of cattle and hogs, having abundant native forage.  
5. Oregon flax equals that grown in Ireland and Belgium.  
6. Claims highest yield of grains and potatoes per acre.  
7. Grows 50% of the hops raised in the United States.  
8. Has 283,302,578,000 board measure feet of timber on private lands.  
9. Has 190,835,531,000 board measure feet of timber in national forests and large quantity in national parks and Indian lands.  
10. Tremendous industrial development possible through the fact that one-third of undeveloped water power in the United States is available in Columbia River basin.

**THIS STATE MUST MAKE FULL PREPARATIONS FOR "BACK TO LAND" MOVEMENT.**

**GET READY FOR THE WAR'S END**

Oregon is one of the wonder communities in the galaxy of Pacific states. It is an empire in itself. Herebefore it has been noted for its fruits—and Oregon fruits are world-famous for quality, beauty and delicious flavor—but diversified farming is rapidly being mastered. The climatic conditions are being understood and the future of Oregon is one of the most promising.

No one thinks of Oregon without thinking of its fishing industry, especially the salmon industry, but Oregon also furnishes splendid sea fish, as well as oysters, clams, crabs, etc.

This state is one of the largest producers of sheep in the country, and Oregon wool is recognized as the finest produced in America. An abundance of native forage crops has resulted in a large production of cattle and hogs.

**Flax a Profitable Crop.**  
Oregon flax is another profitable crop, this product being equal to that grown in Ireland and Belgium. Hops is another of the important yields of Oregon, and it is estimated that 50 per cent of the hops raised in the United States is grown here. The productivity of the land is unusual and its state authorities claim that it produces the highest yield of grains and potatoes per acre. Whether or not the exact figures would substantiate this claim, the mere fact that production in this state is so great as to make such a claim plausible insures that its land is among the richest.

Oregon has untold timber in an almost unmeasurable amount, running into the hundreds of billions of board feet, both on private lands and in national forests, national parks and Indian lands.

**Water Power Means Much to State.**  
One of the most important features of Oregon's future lies in the fact that there is available, though undeveloped, approximately one-third of the total water power of the

**REVIEW'S LEGAL BLANKS**  
The following list of legal blanks are kept for sale at this office and others will be added as the demand arises:  
Warranty deeds, Quit Claim Deeds, Realty and Chattel Mortgages, Satisfaction of Mortgages, Contracts for Sale of Realty, Bills of Sale, Leases.  
Be sure to buy a Liberty Bond and help to win the war.

of the states which are served by the Union Pacific System, Nebraska, Kansas, Colorado, Wyoming, Utah, Idaho, Washington, Oregon, California and Nevada. This exhibit, which was prepared and installed through co-operation with the public authorities in each of these states, is to be maintained and kept constantly renewed by the Union Pacific System as the foundation of the work which it carries on for the purpose of bringing new settlers and home-seekers into the West.

**Bureau Has No Land for Sale.**  
The Colonization & Industrial Bureau has no land to sell, and its only interest in the sale of land by those who have it is the building up of the territory which it serves. In other words, its interest is the bringing together of the land and those who would make new homes upon the land. For that reason expert agents of this Bureau investigate thoroughly all land that is offered for sale and all land agents. These experts satisfy themselves that the land is suitable for farming, that the climatic conditions are right and that the price at which it is offered is reasonable; next they satisfy themselves that the land agent is honest and reliable. There is no need to fool men in order to get them to settle in the West—the truth is strong enough.

**Ads Carried in Eastern Papers.**  
A very extensive advertising campaign in the Eastern states, the Southern states and the States of the Mississippi Valley enables this Bureau to get in touch with those who want facts about the West, and as soon as its representatives learn what section of the country most appeals to the prospect he is turned over to the trustworthy land agents operating in that section.

These land agents take up the work from there on and the records of the Bureau show that the work has been most successful.

During the last year the advertising by the Union Pacific System reached a circulation of more than five million readers a month. There were received nearly ten thousand inquiries and there are records of 2,482 carloads of household goods moved into and through the various states listed above, during six months of this period.

This does not include those who came into the West without shipping their household goods, and there are many who sell out all such property before moving. Neither does it include those who went overland in automobiles and there are many of them, too. So it would seem that here is proof of the effectiveness of the plan worked out by the Union Pacific System.

This Bureau is under the direction of R. A. Smith, who has had many years' experience in such work. Recently there has been installed on the ground floor of the headquarters building of the Union Pacific Railroad, in Omaha, a most complete and permanent exhibit of the agricultural, horticultural and live stock interests

## Prominent Ex-Progressives are Endorsing Ralph E. Williams for Republican National Committeeman.

Portland, Oregon, April 20, '18.  
To the Republican Voters of Oregon:

We, the undersigned, all formerly Progressives and now registered Republicans, wish to add our endorsement to the candidacy of Ralph E. Williams, of Portland, for re-election on May 17 to the position of Republican National Committeeman. We endorse his candidacy for the following definite reasons:

In the first place, if Mr. Williams had not invited and encouraged the Progressives to join with the Republicans of this State in 1916, there would have been no active co-operation between the two forces and Oregon would undoubtedly have been lost to the Republican cause. Mr. Williams advocated the adoption by the Republican National Committee of a similar program of amalgamation and co-operative action in other States. If his suggestions concerning California and Washington had been followed, those two states would also have been found in the Republican column after the national election.

Mr. Williams' attitude of friendliness toward Col. Roosevelt is generally known to Republican leaders throughout the Country and State. The same spirit of unity which Mr. Williams was so largely instrumental in effecting in Oregon in

1916, he also strove successfully to bring about at the recent meeting of the Republican National Committee at St. Louis.

The new chairman of the Republican National Committee, Will H. Hays, who was elected at the St. Louis meeting, has joined with George W. Perkins, Chairman of the Executive Committee of the former Progressive party, in commending Mr. Williams' efforts to achieve harmony at St. Louis. On the occasion of his recent visit to Portland Mr. Hays called attention to the splendid spirit of harmony which now prevails among all elements of the Republican party in Oregon and earnestly urged that it be maintained.

Mr. Williams' record as an earnest supporter of the Government in the energetic conduct of the War, is widely known, owing to the aid he has given to all war activities.

We believe in all fairness, that Mr. Williams' services, as outlined above, entitle him to re-election. We also believe that you are entitled to know where we stand with regard to his candidacy, and for that reason, we have addressed this statement to you.

Henry Waldo Coe, Progressive National Committeeman for Oregon.  
Thomas B. Neuhausen, Ex-chairman of State Progressive Party.

George Arthur Brown, Ex-chairman of Executive Com., Progressive Party.  
Sanford MacDonald, Pres. of Ass'n of Fathers of Oregon Soldiers and Sailors.

D. L. Dovey, A. I. Moulton, F. H. Lewis,

Progressive members of the Hughes Campaign Com.  
Charles W. Ackerman, Oliver M. Hickey, C. P. Bodley, Lon L. Parker, George B. Anders, Miss Vivian Flexner, Mrs. Geo. I. Thompson, Mrs. M. L. Neuhausen, Mrs. Anna E. Crevill, Mrs. Maude M. Povey, Miss Mary E. Hill.

## LIKE BACON

YOU know how cooking brings out all the rich pungent flavor of bacon—there's nothing that tastes better. But you wouldn't like it raw.

### IT'S TOASTED

So we toast the Burley tobacco used in LUCKY STRIKE Cigarettes for exactly the same reason—to bring out the rich, solid flavor.
