The Review sent out statements to all subscribers in arrears last month, but a number seem to have overlooked the receipt of the same. As it takes considerable money to conduct a printing business these days, we would be glad to have all who possibly can settle up. If not in position to pay all, a part will be welcome.

The ministers and churches of St. Johns will unite each Sunday evening at 8 o'clock, during July and August, in services of song and worship on the velvety spot in front of the City Hall, where the enjoyable meetings of last summer were held. Mrs. Burton, wife of the newly installed pastor of the Baptist Church, will conduct the music during July, assisted by all our choirs and song lovers. The little book, "Familiar Songs No. 2," will be used and a real "community sing" is expected.

Beginning July 8th the subscription price of the Review for those going outside of Multnomah county will be \$2.00 per year, owing to increased cost mailing such papers. The subscription price inside of Multnomah county for the present will remain at one dollar per year, but the way the price of paper and other expenses is hopping upward the county price will soon of necessity have to be increased. A dollar a year paper is a rarity these days. Better subscribe or renew before the increased price takes effect.
