Save Money On Shoes

FELLOW WORKMAN: Do you want to cut out Shoe Profiteers? Here is your opportunity!

Join the "CO-OP-CO" Shoe Club

Employees from several of the shipyards, the street railway company, and other industrial concerns have formed the Co-Op-Co Shoe Club to enable them to buy shoes collectively, and thus save from One to Three Dollars per pair on the good grades of shoes. The larger the membership the greater the saving, and anybody may join.

You contribute 50 cents to the campaign fund for education along co-operative lines and for collective buying, and save the amount probably several times over, on your first purchase of shoes. The privilege is good for as many shoes as you need for yourself and family, and there are no dues or future contributions required. Buying collectively through the club the number of shoes required amounts to thousands of pairs and we have arranged with the

Factory Shoe Store in the Post Office Building in St. Johns and the O. K. Shoe Store at 66 Sixth Street, Portland

to supply Union Made Shoes at special prices. The work shoes are the reliable Niehoff brand.

The undersigned have investigated the lines of shoes and the working plans of the club and give the CO-OP-CO SHOE CLUB our hearty endorsement.
