On the eve of Thanksgiving the cancellation of wooden ship contracts by the government was most unwelcome news. And the announcement is made in spite of the fact that both Mr. Schwab and Mr. Hurley publicly stated only a few days previous-ly, and in a most emphatic and positive manner, that all the contracts would be carried out.

Mike laughed at the Judge

for chewing Gravely.

The Judge came right back at Mike with a friendly chew—just a couple of little squares off his plug of Real Gravely.

Mike found that the chew stayed with him for a long while, and the more he chewed the better it tasted.

"There's the real tobacco satisfaction," says the Judge: "and it costs nothing extra to chew this class of plug."

It goes further—that's why you can get the good taste of this class of tobacco without extra cost.
