THE REVIEW is entered at post office in Portland, Oregon, as mail matter of the second class under the Act of Congress of March 3, 1879.

Albums to preserve your Kodak prints. They make nice gifts, too. Currin Says So.

For Sale or Trade for vacant lot-Equity in modern 6 room house, well located in St. Johns, Will sell or trade for vacant lot. balance on terms. Inquire at this office.

A gift that will please every member of the family every day in the year-a Victrola. Cur rin Says So.

The Review this week is only an apology for a newspaper, and a poor one at that. Illness in the editor's family, the machine operator also taken suddenly ill after working several hours and inability to secure a substitute is responsible for the Review's crippled appearance this week. As a consequence much news matter had to be omitted, wWe ask the kind indulgence of our subscribers this week.

A Record Gift Certificate will selve your gift problem for talking machine owners. Currin

To all Modern Woodmen: On Saturday night, December 7th. the largest class will be adopted in St. Johns Camp in its histo ry, and we hope to see you present. Head Director Easterly will be with us on that night. Don't fail to meet him. We expect to adopt about seventy-five new members on that date, so don't forget Saturday, Decem-ber 7th.—Geo. Muhm, Clerk.

A lunch kit is a practical gift for the man who carries his lunch. Currin Says So.

Alfred A. Aya, industrial de-velopment expert, has been engaged by the Swift packing interests to take charge of a newly created development depart-ment which has for its purpose the building up of an industrial zone in North Portland. Offi-cials of the Swift company an-nounce that they will endeavor to secure new manufacturing enterprises for Oregon and in duce them to locate on sites adjacent to their plant on North Portland harbor, Mr. Aya has been engaged in development in Oregon for several years and is extremely optimistic as to the future of the state and of the Pacific coast. The development of the Peninsula district appeals to him as being logical and ex-pedient because of the excellent harbor and railroad shipping fa-

Nellie M. Pellette died Thanks giving morning after an' illness of only four days, of heart trouble resulting from influenza. She was born at Medford, Taylor county, Wisconsin, July 5th, 1882, and was the youngest child of John E. and Sarah E. Gay. She is survived by her mother, Sarah E. Gay, two sisters and one brother, as follows: Lottie Frank E. Gay, all of Seattle, an increase, according to recent rewhere her remains were taken ports. for interment. Her parents moved to Ashland, Wisconsin, in her sixth year, where she spent her girlhood days, receiving her education and learning the printing trade. She became an expert on the type setting machine, at one time holding the world's record as spacer. After her marriage in 1902 she moved to Portland where she has worked on a number of papers, especially the Oregonian and St. Johns Review. She was of a loving disposition, fine personality, and loved by all who Fred Foss, son of Mr. and knew her, who regret that a Mrs. Chas. Foss, died at his life so short should be hers.

FARMERS SAVE SITUATION

Government Justified in Stimulation of Pork Production-Sevenfold Increase Over Pre-

War Exporta

Through increased production and conservation we will be able this year to export seven times our pre-war average exports of pork products. With the heavy demands added in caring for the millions who have been freed from German oppression, the Department of Agriculture and the Food Administration are justified today in our every action of stimulation of hog production. In the coming year the greatest world shortage will be in fats, and pork will help to save this situation. The efficacy of the policy of stimulated production has built up in this country supplies which will enable us to supply a very large part of the fat deficiency of the world. In beef there must be a shortage in Europe, due largely to limited refrigerator ship capacity. All freezer ships available, however, will be filled by

America, Argentine and Australia. The contribution made by the producers of this country to the war program as applying particularly to animal food products is illustrated by the following:

Reports compiled by the U. S. Department of Agriculture indicate an increase in cattle of 10,238,000 head and 12,441,000 hogs. These figures were compiled to January 1 last.

In this period there was a decrease in sheep of \$19,000 head. The indica-E. Fair, Maude I, George and tions are that this decrease will show

Since January 1 unofficial information indicates an increase in hogs of not less than 8 per cent, and not more than 15 per cent. as compared with one year ago, with an increase in the average weight.

Following the request of the U. S. Food Administration for an increase in hog production for marketing in the fall of 1918 and the spring of 1919 the increase may yield not less than 1,600,-000,000 pounds more of pork products than were available last year. Without this increase the shipping program arranged by Mr. Hoover regarding animal food products would have been impossible, The dressed hog products during the

three months ending September 30, 1917, amounted to 903,172,000 pounds, while for the corresponding months of 1918 the dressed hog products totaled 1,277,589,000, an increase of over 374,-000,000 pounds for the quarter. During the same period for 1917 the

dressed beef showed 1,263,000,000 pounds as against 1,454,000,000 pounds for the three month period ending September 1, this year.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure dearness, and that is by constitutional remedies. Dearness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed. Dearness is the result, and unless the inflammation can be taken out and this tube restored to its surmal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the nucous surfaces.

We will give One Hundred Dellars for any case of Dearness (caused by catarrh) that cannot be cured by Itali's Catarrh Cure send for circulars, free.

Dear Mary:-

Well even I must buy more furniture. The doctor told me that it is more healthful to sleep apart. So James and Ruth are each to have a room. I'm going to let Ruth have my bedroom set and get me a new one which is modern. I'm going to get two single beds for our room and For COAL and WOOD single beds for the children. They use less space and are easier "made."

Musn't you do something like this soon?

As ever -HELEN. P. S. Just come and see how little I paid for it and how much I got from
