THE REVIEW is entered at post office
in Portland, Oregon, as mail matter
of the second class under the Act of Con-
gress of March 3, 1879.

It is now assured that Greeley street will be improved, as the cost for this improvement is contained in the budget adopted by the County Commissioners, and will be done at county expense. There is apparently no good reason why the work should not be done by the county. Determined attempts have been made in the past to carry this improvement through at the expense of property owners, and assessment districts were laid out with this idea in view. But objections were raised and remonstrances were filed; the burden seemed too great, and the assessment district as proposed seemed too inequitable. So after several years of patient, untiring effort, the promoters of this project found their labor unavailing, and it was decided to invoke the aid of Multnomah county. Success at last has crowned their efforts and that the county should bear the burden seems most fitting, because the whole county will benefit by the improvement. The Greeley street extension will extend this thoroughfare to the Broadway bridge, giving practically a direct route to Portland proper and, it is said, reducing the time in making the run by trolley about fifteen minutes. The improvement will be completed next year. Its value to the low-re peninsula will be inestimable.

The football season came to an end with the James John Jefferson game on Monday. The season has been cut in two, so far as the number of games is concerned, because of the long closing period while the ban was on. Not once have the James John boys been defeated by more than one touch down. The failure to carry off higher honors in the league this year has been repeatedly attributed by unbiased sport critics to hard luck. Every opponent who has secured his slender victory has admittedly done it by the hardest fighting. After the initial rush which gave Jefferson the game, the J. J. boys played them to a standstill.

Hand Mirrors in Ivory. That's the gift for a lady. CURRIN SAYS SO.

Stationery is acceptable as a gift. We have boxes from 25c to \$9.50. CURRIN SAYS SO.

Lost—Child's tricycle, near the kindergarten of the Central school; reward. Address 214 Eggsenden street.

MEN FROM OREGON OFFICIALLY HELD NATION'S CLEANEST

Surgeon-General Blue Wires Fact is Disclosed in First 1,000,000 Camp Reports.

Only Fifty-nine Hundredths of One Per Cent Found to Have Venereal Disease on Arrival at Cantonments.

Surgeon-General's Official Telegram

Oregon Social Hygiene Society, 720 Belling Bldg., Portland.
A tabulation of one million reports first received from camp surgeons throughout the country shows that Oregon leads the country with a rate of fifty-nine hundredths of one per cent found to have a venereal disease on arriving in camp. It is hoped that Oregon can continue vigorous measures in combating venereal diseases during the period of demobilization and thereafter.
RUPERT BLUE.

Oregon men, called to the colors during the greatest of all wars, were physically the cleanest in the entire United States Army.

Such is not the mere boast of any citizen of this state, backed only by a high sense of local pride, but it is the established record of the United States Army, communicated to the Oregon Social Hygiene Society by Rupert Blue, Surgeon-General, thus giving it the greatest possible weight. As will be seen by perusal of the foregoing telegram from Surgeon-General Blue, a tabulation of 1,000,000 of the first reports received from camp surgeons places Oregon in the lead with a rate of fifty-nine hundredths of one per cent (which means less than six men to the thousand), or, compared with another wire from him, this state's standing is but a fraction lower than 18 times ahead of the state with the highest per cent of infection, which was eight and nine-tenths per cent (eighty-nine men to the thousand).

This constitutes one of the grandest and proudest records of the whole war period, and great as has been this state's part in all patriotic endeavors, nothing could fill the hearts of its people with a higher degree of pride than the official acknowledgment from the National Capital that Oregon's men stood far and away above all others in clean manhood.

"That the work of the Oregon Social Hygiene Society, carried forward for but seven years, should produce such magnificent results, is a subject of the most gratifying kind to the entire Board," said Executive Secretary Cummins. "Every one of the men who have worked so hard to bring about the result regard this official notification from the Surgeon-General as a complete vindication of the program sought to be carried forward in this state. That the public will respond to sane, clear facts, rightly presented, is also demonstrated beyond doubt. Educators, who have assisted greatly in the work, may well feel that young men under their tutelage will absorb the benefit to be derived from information along physiological lines, rightly administered. Parents must now see plainly that their children should have the truth as to their physical beings and that having this untold good will result." "Future generations, following, are bound to demonstrate the benefits of Oregon's clean manhood, as set forth officially," commented A. P. Flegel, president of the Society. "This record cannot be overestimated. It is a glorious achievement."

"The full significance of the official announcement from Dr. Blue is difficult to grasp," said Adolph Wolfe, treasurer of the Society. "Dealing as it does with human life and morals, it is, in a larger sense, more important than many other achievements not to detract one whit from any of them. At the outset, many good people doubted the ability of the Oregon Social Hygiene Society to accomplish worthwhile results. I think now, however, no further comment need be had. Surgeon-General Blue's telegram is sufficient."

Lieutenant Colonel P. C. Field, division surgeon of the 91st Division at Camp Lewis, has officially credited the splendid record made by Oregon men to the educational work that has been and is being done by the Oregon Social Hygiene Society.

Good will rules the new world as fear governed the old world. Through sharing food America helps make the whole world kin.

Food control made sufficiency from shortage, kept the rein on food prices, gave the nation's full strength exercise.

Starvation by Germany challenged all the world; food conservation in America answered the challenge.

Food conservation in America has been the triumph of individual devotion to the national cause.

Dear Mary:—
I want you to do me a favor. It is nearly Xmas again and I must buy some presents. I want you to go over and see my sister Agnes and my husband's mother and find out what they would like best for their homes. I know they would rather have furniture than anything else for a Christmas gift, but I want you to diplomatically learn just what they would like and let me know. I'll return the favor. And then I want you to help me select. Will you?
Thanks in advance—HELEN.
P. S. Of course I'll buy from
