# The Cash Grocery Proposition

Think of the immense amount of detail connected with a charge grocery account. There is the time it takes to make the original charge. The detail required to carry that charge from day to day. The time required to make out your statement each month. Compare that with a cash transaction. You get your goods, have them wrapped, your money is rung up in the cash register and you are gone and that's the last of that deal, except to count the cash for deposit in the bank. The bookkeeper is eliminated, the chance of failure to charge or the loss of an account. And the consumer always pays. Couple that cash transaction with the buying power of THE GRABATERIA Cash and Carry Grocery and any reasonable person can see why we sell for less.

Did you ever know a permanent improvement to be made in any situation by criticizing before others the one who was at fault? About all that such criticism does is to anger the subject of it. But there is still a class of imitation business men who scold their employes before others, thinking it impresses those about them with their importance.

Many expedients have been suggested as to what is the best thing we can do to make places for returning soldiers and sailors. Reclaiming land by clearing stumps, reclamation, irrigation, drainage, etc., are sought to be made popular undertakings. Allowing for the restless and unsettled frame of mind produced in many men by the war, most of them will want to return to their jobs. Unemployment is a ruthless enemy, and what any man wants first of all who works for a living, is a job, upon return to civil life. The first thing for our returning millions of men is good times with business and industry in a vigorous, unlooked-for condition. The worst thing for our boys who are coming home is to find industry slack, business slow and prosperity a minus article. Industries should not be hampered and discouraged by foolish legislative experiments, regulations and high taxes.—The Manufacturer.

The reader of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known by the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: P. J. HENNING & CO., Toledo, O. Sold by all druggists. Take Hall's Family Pills for constipation.

## What Is Rediscounting?

THE most important privilege obtained by our membership in the Federal Reserve System is that of rediscounting. This means that when necessary, we can take our customers' notes and drafts which we hold to the Federal Reserve Bank and obtain cash in exchange. In this way a large proportion of our assets are just as available as though actually carried in cash.
