## GOV. LYNCH URGES WEST TO LAST BIG LOAN DRIVE

Victory means the end of the war, clamor will cease, the end of loans, the dawn of peace

> We were advised that the war would last through 1919, probably through 1920, so we were prepared W for that; to have done less would have been suicide. We prepared to erush the Hun on his own ground, and he prudently quit. It cost us some money but it saved the lives of half a million of our men. Was money ever better spent7

Now we have bills to pay, promises to make good, our men to bring home. This will take from five to six billion dollars. Let us get ready and raise it. A big task, but the last, and therefore easy. All together, shoulder to shoulder, and the loan goes over!

The "Ninety-first" is the Pacific Coast Division; remember their achievement, and honor ourselves by living up to it.

JAMES K. LYNCH, Governor, Federal Reserve Bank of San Francisco; Chairman, Liberty Loan General Executive Board, Twelfth Federal Reserve District.

## **Our Long Suit**

This store has always carried a reasonable amount of high priced merchandise and a reasonable amount of cheap goods but our long suit is the medium grades of all lines.

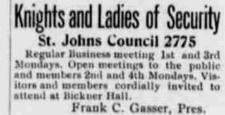

The trade we have commanded for thirteen years expects good values and look to our store for their requirements of goods that can be sold at a reasonable price and have lasting wearing quality.

When we stocked the patterns we put in the patterns that the trade knows the most about. When we placed Corsets in stock we responded to the call for the most reliable and secured the Warner Bros. agency. When the men began to call for a shoe that was of a better grade but not the highest price we stocked the Regal and the Crossett. When men's hats were considered the call for the Mallory induced us to place these in stock in the largest quantity. We do have Stetsons and a few cheaper unknown brands but the reasonable priced extra values are the ones that prevail all through our store.
