THE REVIEW is entered at post office
in Portland, Oregon, as mail matter
of the second class under the Act of
Congress of March 3, 1879.

Two Canadians were compar-
ing recent fighting with 1915
Ypres vintage. The new man
gave a harrowing description of
a bayonet charge he had been in.
The old-timer scoffed. "Why,
on one occasion," he said, "I
had two 'Heinies' on my bayonet
at one time!" "How do you
know there were two there?"
inquired the new man. "I heard
one telling the other to move up
and make more room," was the
answer.

Dr. J. Campbell White of New
York City will address a mass
meeting of women on Monday
afternoon, March 3rd, at 2:30
o'clock in the First Congrega-
tional Church, corner Park and
Madison. Subject—Foreign
Missions as related to the Inter-
Church World Movement. Dr.
White will be in Portland for
two days in the interest of the
Inter-Church World Movement
of America. The women of the
city are especially fortunate in
having this opportunity to hear
him as he is considered an
authority on Foreign Missions
and is one of the strongest plat-
form men in America.

"Canned blood," one of the
remarkable developments of war
surgery, was described by the
surgeon general's office for the
benefit of the families of hun-
dreds of soldiers whose lives were
saved by blood transfusion. One
of the heaviest causes of death
among wounded soldiers is hem-
orrhage. Immediately after the
United States entered the war the
medical department began
organizing to reduce the number
of fatalities from this cause.
Development of the use of
"canned blood" was a direct re-
sult of war conditions. During a
heavy attack it was impossible
to arrange for transfusions di-
rect from persons, so the fluid was
drawn previously, stored on ice
in sterile flasks and used in
emergency cases. Where the
wounded man could stand it, a
blood substitute was injected
which sustained life until he
could be removed to a hospi-
tal where more direct transfu-
sion could be employed.

Big Smokeless Smoker

The K. and L. of S. will put
on a Smokeless Smoker at the
Skating Rink next Thursday
evening that promises to be a
hummer, and to which the ladies
as well as gentlemen will be ad-
mitted. The evening will be
devoted to sports of an athletic
nature, and Manager Corcoran
has secured a fine array of talent
for the event. The first number
will be a three round boxing
contest between Pat Bradley,
colored middleweight champion
of the Pacific Northwest, and B.
O. Rooney, ex-champion of the
navy. Lee Johnson and George
Drew, the latter winning the
championship of the army, it is
said, will box for three rounds.
Leb Carlson and Bert Smith,
heavy weight wrestlers, will be
the third event. This will be
followed by a three round bout
between Joe Gorman, who holds
the featherweight and bantam
championships of the Pacific
Northwest, and Neil Zimmer-
man. Sammy Gordon and
Johnnie Secor, light weights,
will box three rounds. Joe Mc-
Carty and Johnny Trambitio,
also lightweights, will give a
three round boxing exhibition.
Efforts are being made to secure
a couple of good fencers for a
fencing dual. Popular prices
will prevail. Prof. Denver Ed.
Martin, physical director of the
Golden West Athletic Club, says
he will sure to be on hand, and
Mayor Baker, Sheriff Hurlbert
and a number of other officials
are expected to be in attendance.
It is expected that a sword dance
and a good colored quartet will
be interesting features at the
entertainment.

High School Notes

At a meeting of the girls called
in the study period Monday
Miss Chollar gave a demon-
stration and lecture on table
etiquette.

The cry of the fifth termers
Wednesday noon was, "Don't
forget your orphans, feed the
Belgian Babies." Short and tall
flocked to the table in the hall,
to buy sandwiches and hot
chocolate. By the end of the
noon period all the students and
their Belgian Babies were fed.
The sale netted \$6.10, the ex-
penses having been taken from
the proceeds.

The Penseic club, otherwise
the sociology class, accompanied
by Mr. Thomason visited the
employment Bureau of Portland
Tuesday. As they went thru
the employment Bureau each
was treated as a seeker of work.
Then they proceeded to the
Liberty Temple Soldier's Em-
ployment Bureau, where the
captain in charge gave a long
and interesting talk concerning
the special problem of employ-
ment for returned soldiers.

A fast and furious game of
basket ball was played in the
Washington gym between James
John and Commerce High, result-
ing in a score of twenty-eight to
fifteen in our favor. Altho the
entire James John team was in
the game every minute they had
to travel at top speed to maintain
the lead, for it is probable that
the James John quintet will
afford strong opposition to Jeff-
erson in the future game. The
James John-Commerce game
was good, but the boys did not
show the skill that was exhib-
ited in the game with Washington.

The Associated Student Body
of James John High School ex-
tends a cordial invitation to the
parents of Freshmen and new
students to attend the Reception
given in honor of the Freshmen
and new students at the high
school Friday night, February
twenty-eighth. The program
committee has planned an inter-
esting program, which will be in
charge of President Hiatt. There
will be an address of welcome
to the Freshmen by Mr.
Fletcher, selection by orchestra,
a song by boys quartet consist-
ing of Laurence Johnson, Harvey
Lane, John Ohm and August
Meyer. Melford Westler will
render a violin solo, Gladys
Keeney a song and Nana Seeley
a piano solo. Stunts by the sec-
ond, fourth, sixth and eighth
term classes, which are myster-
iously concealed, will conclude
the program.

The readers of this paper will be
pleased to learn that there is at least one
fringed disease that science has been
able to cure in all its stages, and that is
Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical
profession, and a constitutional treat-
ment. Hall's Catarrh Cure is taken in-
ternally, acting directly upon the blood
and mucous surfaces of the system, there-
by destroying the foundation of the dis-
ease, and giving the patient strength by
building up the constitution and assisting
nature in doing its work. The proprietors
have no more faith in its curative pow-
ers than they offer One Hundred Dollars
for any case that it fails to cure. Send

That Range
you want.
Dear Mary:—
I was not thoughtful when I furnished my home last.
I did not get the right kind of a range. I tried to "save"
in the wrong place. So the other day I gave my old range
to my wash-woman who needed it and went down to
H. F. CLARK'S and bought a new one.
Why, what a difference it makes! Women who must
slave hours every day in a hot kitchen should simply
DEMAND of their husbands the most convenient range.
I wouldn't go back to my old one for one year for ten
times what my new one cost.
Your friend—HELEN.
P. S. You just go down and see the new ranges at
