We Have Tried Both Ways

The Scales & Currier Cash Grocery is managed by men who have tried both methods of running the Grocery Business. They know they can beat the store that runs the red tape of the Credit Accounts.

It cannot be said that you are not trusted as the only cause of selling for strictly cash for we have trusted almost every body in this locality in times past. But the business is on a Cash Basis now for very good reason that we can get more business because we can undersell the credit store. And we can beat the City Store because we are closely connected with our trade; because we have one of the largest stocks on the Peninsula, if not the largest, and because we do not have to pay two people to make the trip all the way from Portland to deliver the goods.

Just try it for a month and you will be convinced that you are saving money.

Bring lunch and cups and lemons. If any one should miss the crowd, get off at Columbia park and follow the path of White Ribbons. The Portland Settlement Center Mission Sunday School of the M. E. church, under the supervision of Miss Davis, superintendent, and Mrs. Mellinger, assistant superintendent, held their annual picnic June 24th, at Columbia Park. The day was one of Oregon's best and about 60 children were seated at a table filled with delicious eats, such as any Sunday School would be proud to serve. Two hours later a large can of ice cream was opened and served. It was an inspiration to see the smiles. Joy and gladness beamed from the little faces as Miss Davis passed the ice cream cones. The conduct of these children speaks well for these workers who are laboring without thought of self or sacrifice for the upbuilding of Christ's Kingdom in this little corner of the vineyard where he has permitted their faithful service.

A number of St. Johns people are anxious to know why better progress is not being made toward acquiring and equipping playgrounds in St. Johns. The understanding was that the grounds should be acquired and put in shape so that some benefit could be derived from them this year. But unless a little more speed is evinced by the park board the grounds will not be ready for this year.

With a stormy look on his face the master of the house waylaid the servant in the kitchen. "Look here," he began angrily, "how dare you tell my wife what time I came home this morning, after I had told you not to?" The Irish girl eyed him steadily. "Sure, an Oi didn't," she replied, calmly. "She asked me phwat toime ye came in an' Oi only toul her that Oi was too busy getting the breakfast ready to look at the clock."

Last Sunday the St. Johns Methodist church, by a unanimous vote of the congregation, expressed its thanks to the St. Johns Review for its valuable assistance in the Centenary Missionary Campaign for \$105,000,000. More than a full column of facts in a single issue was not an uncommon thing in this paper, which helped greatly in preparing the people for the phenomenal giving of this church. St. Johns is the banner church in this great work in the Portland district. It went over the top first and farthest of all the churches. Its quota was \$54,455 and it had subscriptions for \$9000, before the evening of the first day of the drive. The entire church has gone far beyond its goal and nearing \$120,000,000 in all. J. H.
