The Grabateria Cash Grocery

The sales of the Scales & Currier Grabateria keep up because the prices are kept down.

It is easy to prove that our prices are lower than the regular charge account several-deliveries-a-day Grocery.

We make the prices consistent with a large volume of buying, with the minimum of overhead expense because we employ no bookkeeper, we make but one thorough delivery each day, we are both actively engaged in the business, we eliminate the losses on charge accounts and our rent is low.

Make up a substantial order for us, give us your check and we will convince you that you are saving money. Try it.

Arthur Vrooman, of 506 Al-legheny street, had the misfortune to lose a thumb and three fingers yesterday morning while at work at the Cooperage plant. He was operating a saw and in some manner his glove became caught, it is said, with the result above mentioned. His little brother, Francis, also met with an accident last evening. He was running in the grass when he ran a piece of rusty wire in his foot to the depth of an inch and a half. The wire was removed with difficulty by the father.

St. Johns is once more to the front. In a window dressing contest, in which forty concerns participated, Currins for Drugs carried off the first prize, which was a check for fifty dollars. The contest was inaugurated by the Blumaer-Frank Company, and the display consisted of the Purola lines of household remedies. There are 160 different varieties of these remedies and all are manufactured in Portland, and by the way are said to be the equal, if not the superior, of any drugs manufactured in the country. Currins are to be congratulated upon their tasteful display as well as bringing St. Johns once more to the front.
