The Grabateria Cash Grocery

The sales of the Scales & Currier Grabateria keep up because the prices are kept down.

It is easy to prove that our prices are lower than the regular charge account several-deliveries-a-day Grocery.

We make the prices consistent with a large volume of buying, with the minimum of overhead expense because we employ no bookkeeper, we make but one thorough delivery each day, we are both actively engaged in the business, we eliminate the losses on charge accounts and our rent is low.

Make up a substantial order for us, give us your check and we will convince you that you are saving money. Try it.

The man who does not advertise cannot expect to remain long in business and make a success of it. It is usually found that where a man quits business the reason he does so is generally because he failed to spend a little money on publicity. The big stores of Portland would long ago have been discontinued or be running in a slim manner if it wasn't for continued and persistent advertising. Most of the leading firms of the country set aside two per cent of their gross business for advertising purposes.

The Review committed a blunder last week when it stated that preaching services in the Christian church would be discontinued for the balance of the month. The item should have stated that Dr. H. F. Jones, the pastor, is having his vacation, but that the pulpit will be supplied during his absence. The mistake was a regrettable one. Mr. H. Ford will preach Sunday at usual time. A large attendance should be present.

Rev. E. Burton delivered his farewell sermon as pastor of the local Baptist church last Sunday. He and his family, we understand, will go to Centralia, Wash., where he will be pastor of the church there. The people of St. Johns, as well as the members of the church, will regret their departure, as he and his estimable family have made many friends here.
