The Grabateria Cash Grocery

The sales of the Scales & Currier Grabateria keep up because the prices are kept down. It is easy to prove that our prices are lower than the regular charge account several-deliveries-a-day Grocery.

We make the prices consistent with a large volume of buying, with the minimum of overhead expense because we employ no bookkeeper, we make but one thorough delivery each day, we are both actively engaged in the business, we eliminate the losses on charge accounts and our rent is low.

Make up a substantial order for us, give us your check and we will convince you that you are saving money. Try it.
