

COAST TO COAST U. S. FOR LEAGUE

MILLIONS ACCLAIM WILSON AS HE SPEEDS ACROSS THE LAND.

FEW ASK FOR CHANGES

Majority Feel That President's Guidance Should Be Held—He Regards Pact As Sure To Come Soon.

(By Mt. Clemens News Bureau)
Aboard President Wilson's Special Train—From the Capital at Washington to the far Pacific coast the President of the United States has journeyed on the most unusual expedition ever undertaken by a chief executive of the nation.

To discuss national questions, many presidents have toured the land; but Mr. Wilson is laying before America a question which affects the whole world—the question of whether or not we are to join in the League of Nations; whether we are to forget our former isolation and share with the other peoples of the earth the responsibilities of maintaining civilization and preventing, as he says we can do, future wars.

Between the capital and the coast the president made fifteen speeches and half a dozen brief talks. All of 100,000 fellow citizens listened to him. Several millions had the chance to see him, and apparently everyone wanted to see him, from those who thronged the streets of the cities and towns where he stopped, to those who came to the railroads or stood at little flag stations in remote places, knowing their only reward could be a fleeting glimpse and a wave of the hand.

He has met and talked to all types of citizens—to men big in the business, financial and professional worlds, to farmers and mechanical workers, to Indians and cowboys and foreign-born herdsmen and rangers, to soldiers and to mothers who lost soldier-sons in the late war.

What do they all tell him? Unanimously they say they want peace definitely settled, they want no more wars, and apparently everyone wanted to see him, from those who thronged the streets of the cities and towns where he stopped, to those who came to the railroads or stood at little flag stations in remote places, knowing their only reward could be a fleeting glimpse and a wave of the hand.

Mr. Wilson's arguments for the league, briefly summarized, are these: There can be no peace, either now or in the future, without it. There can only be a regrouping of nations and a new "Balance of Power," which is certain to lead to war. There can be no war in the future, with the league in existence, because no single nation would defy the united rest of mankind, and if it did, it could be brought to terms by an economic boycott, and without the use of arms.

There can be no reduction in the cost of living until the league is established, for nations will not go ahead with peace time production until they know that peace is definitely assured and that production of war material is no longer necessary.

There can be no wonderful prosperity, with the league in existence, for relations of labor and capital all over the world will be more clear and more friendly, and the worker will receive a fairer share of what he produces.

These declarations of the president, logically and eloquently put, have left his hearers thinking and thinking deeply. And then Mr. Wilson has pointed out, the people themselves, as differentiated from senators and politicians, seem to want just what the president wants, which is America for leadership.

Quite as unusual as the purpose of the cross country tour is the manner in which it is being carried out and the completeness of the arrangements on the nine car train which is bearing the party.

At the rear is the private car Mayflower, occupied by the President and Mrs. Wilson. Next is a compartment car for the secretary Tamm, Admiral Grayson, Mr. Wilson's physician, four stenographers, the chief executive clerk and seven secret service men. Beyond are three compartment cars which house twenty-one correspondents, five movie men, and a telegraphic and a railroad expert. Then there is a dinner, a club car, and two baggage cars, one of them converted into a business office. The train was exactly on time at every stop between Washington and the Coast.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless this inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless it is taken out by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular.

WEST SAVED \$100,000,000 IN WAR STAMPS

People of Pacific Slope Have Loaned Government Huge Sum Since 1918

San Francisco—Nearly \$100,000,000 worth of War Savings and Thrift Stamps have been sold by the government in the Twelfth Federal Reserve District since Uncle Sam opened his thrifty campaign in 1918 to help finance the war. "In other words," said Robert E. Smith, director of the War Loan Organization in the Twelfth District, "the people of California, Oregon, Washington, Idaho, Nevada, Utah and part of Arizona have added that much to the working capital of the nation and the West out of their savings, not to mention the tremendous sum they have saved by purchasing Liberty Bonds."

Of course many persons who bought Thrift and War Savings Stamps have cashed in their securities with amazing shortsightedness, but the wiser purchasers are holding their stamps until they maintain their full maturity value. "Those persons who have cashed in their War Stamps or their Liberty Bonds and have spent the money have lost twice the amount they saved because, no matter what they bought, they paid nearly twice as much for it as they would have paid less than five years from now," said Smith. "Prices have risen more than 100 per cent since 1918. They will drop at least 50 per cent in the next few years and will eventually get back to the 1918 level. Now is the time to save."

Smith, who is a successful financier, said: "We have high prices because of the expansion of credit and consequent inflation. We won't have low prices until the people contract the currency by saving." Save by investing in government securities.

EAGLES FIGHT H. C. L. WITH \$5,000,000 W. S. S.

Fraternal Order Buys War Stamps to Check Waste and High Prices

Washington—The Fraternal Order of Eagles, in convention at New Haven, Conn., has pledged itself to the purchase of \$5,000,000 in War Savings Stamps. This action was taken as a means for the checking of national waste and extravagance and for the reduction of the high cost of living.

News of the steps taken by the order was received today by William Mathew Lewis, Director of the Savings Division of the Treasury Department. After adopting resolutions endorsing the government thrift campaign as a movement for developing a national habit of saving and approving consistent investment in government savings securities, the Grand Aerie subscribed for \$2,500,000 in War Savings Stamps for distribution among members of the order.

IN OUR OWN HANDS

Solution of the financial crisis super induced by the unjust cost of living, is largely in the hands of the American people themselves, according to the United States Federal Reserve Board. In his letter to the Senate Committee on Banking and Finance, W. P. G. Harding, governor of the Federal Reserve Board, said:

"Whether viewed from an economic or financial standpoint the remedy for the present situation is the same, namely, to work and to save; work regularly and efficiently, in order to produce and distribute the largest possible volume of commodities, and to exercise economies in order that money, goods and services may be devoted primarily to the liquidation of debt and to the satisfaction of the demand for necessities, rather than to the indulgence in extravagance or the gratification of a desire for luxuries."

America must both work and save. There are many ways to work but only one way to save. That is to save first and spend afterwards, to put aside the first dollar that comes in, not the last dollar that goes out. It was to make possible the saving of even the smallest amounts and their safe investment that government Savings Stamps and Treasury Savings Certificates were offered to the American people.

Students of economics declare that this country is on a magnificent prosperity detour. Dealers in jewelry, expensive apparel and food delicacies throughout the country say the demand for their wares is unprecedented and that buyers do not care what they pay for them.

Stop living up to your wages or salary. Save regularly and invest in War Savings Stamps.

REVIEW'S LEGAL BLANKS

The following list of legal blanks are kept for sale at this office and others will be added as the demand arises:

Warranty deeds, Quit Claim Deeds, Realty and Chattel Mortgages, Satisfaction of Mortgages, Contracts for Sale of Realty, Bills of Sale, Leases.

FOR RENT: cards at this office

WORLD JEWRY AT GREATEST CRISIS

Leaders in America Striving to Save Race in Europe From Destruction.

MUST SEND AID QUICKLY.

Children Are the Most Pitiful Sufferers From the Cataclysm That Has Ruined a Once Prosperous People.

The Jews in almost every country of the world except America are in a state more dire and terrible, perhaps, than any in which they have found themselves since the fall of Jerusalem. Briefly, the Jewish race in much of Europe is on the verge of annihilation.

The countries in which the plight of the Jews is the worst are Poland, Czechoslovakia, Yugoslavia, Rumania, Serbia, Galicia, Palestine, Turkey, Greece and Siberia. In Vienna, a typical town of Poland, the Jewish population has been cut down by starvation, typhus and other diseases in the last five years from 90,000 to 45,000. Nearly half of the survivors are dependent upon relief supplies sent by their co-religionists in America, Warsaw, Kovno, Constantza, and many other cities throughout Central and Eastern Europe tell the same tale.

American Jews, aroused by the reports that first filtered through after the signing of the armistice, immediately organized under the American Jewish Relief Committee, of 15 East 40th Street, New York City, to save their race abroad. They sent some 20 commissioners to various foreign countries to investigate the truth of these reports. Almost all these commissioners have now returned and the first-hand information that they have brought back is more alarming than the early unsubstantiated reports. Such men as Nathan Straus, Henry Morgenthau, Julius Rosenwald, Jacob H. Schiff, Felix M. Warburg, and many other prominent members of this committee are now bending every effort to arouse America to the great need abroad and rush the food and supplies across the ocean which, if sent quickly, will save the Jewish race from destruction.

Saddest of the victims of all this war are the children. Tens of thousands of pitiful youngsters who are seven or eight years old have gone so long undernourished that they are ill-further developed than normal infants of one or two years. In the Polish cities orphaned children wander about the streets, homeless and unable to get into the orphanages. These are already overcrowded and depend primarily upon American relief funds to keep them going.

JEWISH RELIEF WORK IS NOW WORLDWIDE

Christian as Well as Jewish Sufferers Are Aided by Organization That Covers Many Countries in Europe and the Orient.

Quietly, and practically without publicity of any sort, the Jews of America have built up, through the American Jewish Relief Committee and other official agencies, a machine for the organization and distribution of relief to war sufferers of their own and other races that is now practically worldwide. The headquarters of the committee are at 15 East 40th Street, New York. Expenditures for this work now aggregate more than \$2,000,000 a month, and by means of state-by-state campaigns to be held this fall a total of \$35,000,000 is to be sought to finance the work through the coming months.

An enumeration of the countries in which relief efforts are being made is indicative of the scope of the work. Representatives of these Jewish agencies are to be found in Poland, Czechoslovakia, Jugoslavia, Galicia, Serbia, Rumania, and other Balkan states, Greece, Turkey, Palestine and Siberia. Small groups of refugees, cast up by the backwash of war, are being assisted in Holland, Japan, China and other isolated parts of the globe.

All told, many million Christians and more than 6,000,000 Jews in countries other than the United States are being directly aided by American Jewish relief funds. The major portion of this humanitarian work is of course carried on in Eastern Europe. It is there that the bulk of the world's Jewish population lives. The fact that these same nations have been perhaps hardest hit by the late war, explains why World Jewry is at the greatest crisis in its history.

But though the Jews of America have set out to save their race from destruction, they are not forgetting that their own people are not the only sufferers in these lands. The significance of the whole undertaking becomes apparent when it is known that the relief supplies which have been purchased and shipped largely with Jewish funds are distributed without discrimination to Christians as well as Jews. Barriers of race and creed have been submerged in the flood tide of suffering throughout much of the earth, and the efforts of American Jewry to aid in the great crisis of today have become as broad as humanity itself.

For Sale Cheap

A plot of ground 100x600 feet, which contains twelve 50x100 foot lots, just across the river from St. Johns, bounded by Wood and Mills streets. For quick sale \$1000 takes them, which is less than \$100 per lot. Good terms given. Call at this office.

BONHAM & CURRIER

The Store That Cares For You
EVERYTHING FOR MEN TO WEAR
Dry Goods and Shoes for Everybody

Rain Capes For School.

Those dressy, serviceable, attractive Rain Capes of blue, red and tan are stocked at our store. They are not the most expensive grade; they are just good, medium grade, good value capes that will keep your girl dry and warm during the trip to and from school.

Rain Coats For Men

The Walrus Brand for Men

Our store has been the St. Johns Agency for several years for the Walrus Brand of Oil Clothing. This is the brand that most of the Astoria fishermen wear in their business. The garments are not simply made up of muslin and then dipped in a vat of oil as the inferior garments are. But the heavy drill is soaked before it is ever cut; just soaked in oil and then rolled until thoroughly saturated and cured. We have other rain coats, cheaper, but this particular Walrus Brand is so constructed that we can, with entire confidence say to a buyer, "put this on and wear it all day in the hardest kind of a rain and if it does not keep you perfectly dry, your money back." In all these years we have carried these exceptional slickers we have taken back but five or six and these because of a leak in a faulty seam and not in the body of the stock.

BOSTON RUBBER FOOTWEAR

And there are some Misses' Silk Poplin-Rubberized regular rain coats in the same colors as the Capes; they are a little higher in price because of the additional work in their construction.

A Short Story of a Long Stock

There are hundreds of Shirts and Collars in our store from which you can make a selection; there are hundreds and hundreds of neckties of all prices and colors. A large stock of Rain Coats, Overcoats and Socks. We have a stock of hosiery that would be a credit to a city of forty thousand. There are umbrellas of moderate price and some of higher price. There is a good stock of suits for Men and Boys. And there is a pair of shoes that will fit any ordinary foot in this section. There is just being placed on the shelves a thousand dollars worth of one brand of Men's Union Suits. Overalls have all been a long suit with us, the Headlight and Can't Bust 'Em.

L. E. ROSE, Mgr. Men's Dept.

MEN'S OVERCOATS

WALRUS BRAND MEN'S SLICKERS

Why the Electric Cleaner

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt, and if you like the exercise and have plenty of time and strength a broom and carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
