The Grabateria Cash Grocery

The sales of the Scales & Currier Grabateria keep up because the prices are kept down.

It is easy to prove that our prices are lower than the regular charge account several-deliveries-a-day Grocery.

We make the prices consistent with a large volume of buying, with the minimum of overhead expense because we employ no bookkeeper, we make but one thorough delivery each day, we are both actively engaged in the business, we eliminate the losses on charge accounts and our rent is low.

Make up a substantial order for us, give us your check and we will convince you that you are saving money. Try it.

Local News

Mr. E. R. Inglerdue is spending a few days at Hood River.

A bouncing baby girl was a recent arrival at the home of Mr. and Mrs. Elba Cowles, 801 N. Ivanhoe street.

Percy Freeman has returned from White Salmon, where he had been assisting in apple harvesting for several weeks.

Clark A. Robinson, who has been the guest of his niece, Mrs. Lelah Zell, 208 West Richmond street, for a couple of weeks, has returned to his home at Pomeroy, Wash.

Mr. and Mrs. W. R. Evens entertained the Jolly 'Steen club at their home in a most delightful manner Wednesday evening. In the game of 500 the first prize was captured by Mr. and Mrs. D. Frank Horsman and the second, by Mr. and Mrs. C. A. Fry. Refreshments of a delicious nature were served. The evening was thoroughly enjoyed.

When he stepped over an obstruction at the top of a 20-foot stairway at the St. Johns drydock at 6 o'clock Wednesday morning, D. M. Gingrich, employed at the dock, fell into the water, striking his head on a piling as he fell. He was immediately pulled out of the river and a pulmotor hurried from the harbor patrol dock, but all efforts to revive him were fruitless. It is believed he died from the effects of the blow received in falling. Gingrich lived at 6303 88th st. S. E. He was employed on the night crew and was on his way home from work.

The proposition of purchase of a park site for St. Johns seems to make progress slowly. The chief trouble seems to be in making a satisfactory selection. St. Johns has put off securing a park site for so long that suitable locations are now difficult to secure, as there are so few of them available. The people of St. Johns are naturally interested in having the site that will finally be acquired as close in as possible, but it seems that close in tracts large enough for the purpose are particularly scarce, so it is a question whether the people would sooner have a smaller tract close in, or a larger tract farther out. It has been suggested that a mass meeting of our citizens be called to aid in this selection, so that the authorities may make a decision in accord with the wishes of the people of St. Johns in general. However the matter is decided, it is expected that a decision will be arrived at within the near future.

Last Monday evening Bickner hall sure was a lively place, the occasion being a large gathering of members of the K. & L. of Security, St. Johns Council was host to Security Council of Portland, who came out about 60 strong, and they sure had some time here. In the future we will have more of these times. We are intending to put on some live initiatory work that will make the state of Oregon sit up and take notice as we have members in our order that represent every order under the sun. And with this talent on hand we propose to make The Pathe Weekly look like a second issue. At the present time this Lodge has a double quartet which will entertain the citizens, members and prospective members in the future. Monday evening, November 3, we will give a basket social and dance open to the public. The proceeds will be used to buy uniforms for the Drill team. We hate to tell this about one of our Brothers, but we always tell the truth: Brother Halberg has decided that weaving carpets is much warmer work than he has been doing in the past sawing wood (we mean in his backyard.) For further information regarding the doings of this Lodge, inquire at the Tin Can, kitty corner from the P. O. - Reported.

It isn't what you EARN
Or what you SPEND
It's the kind of PHILOSOPHY
You go through life with
That really counts.
But it helps a lot
To keep a stiff upper lip
And play the game
When a rainy day comes
If you have a BANK ACCOUNT
To back up your philosophy.
