INSURANCE FACTS

With replacement costs more than double what they were in 1914, the property owner who was fully protected by insurance at that time, is now less than half covered unless he has increased his fire insurance in proportion to the increased cost of replacement.

Fire insurance is the only commodity we know of that is cheaper than it was five years ago.

We represent ten of the largest companies writing fire insurance in the United States.

Their combined assets give us the largest writing capacity of any agency in the city of Portland.

We can give you immediate coverage and delivery of policy. Prompt and equitable settlement in case of loss.

With heavy interests in the community, a thorough knowledge of all lines of the insurance business, lowest rates and best of companies, is it not reasonable to suppose that we can give you better and more valuable insurance service than the wandering solicitor who may or may not be in the business when your loss occurs?

PLACE YOUR INSURANCE BUSINESS AT HOME and when a loss occurs you will be dealing direct with an agency you know and one that will give your claim the attention it deserves. Phone Col. 161 for rates. PENINSULA SECURITY COMPANY.

For Sale for a Short Period

My home number, 929 N. Syracuse street. The ground is 50x100 and has seven fruit trees in bearing. The house has six good rooms and an extra dormer that may be used for a bed room. Full cement basement with wash trays; an economical furnace that heats the whole house. Bath room; bed rooms all have proper closets. The place has always been kept in excellent repair and during the past summer was tinted and painted inside. This is a proposition that is near the St. Johns Terminal, within walking distance and in line with an advance in price as the Terminal progresses. The premises may be inspected by applying to the owner or to Mr. Downey, the neighbor just north of the house. W. H. BONHAM.

THANKSGIVING

This week as we give thanks for peace, for bounteous harvests and a thousand other blessings which make us feel that ours is indeed a chosen people, let us remember that other nations are not so fortunate, that out of our abundance only can hundreds of thousands of people of other lands be spared hunger and privation, that SAVING is as much a patriotic duty as it was during the war.

"SAVE AND PAY UP"

is the only way in which war debts can be cancelled, other nations given succor and the cost of living reduced.
