INSURANCE FACTS

With replacement costs more than double what they were in 1914, the property owner who was fully protected by insurance at that time, is now less than half covered unless he has increased his fire insurance in proportion to the increased cost of replacement.

Fire insurance is the only commodity we know of that is cheaper than it was five years ago.

We represent ten of the largest companies writing fire insurance in the United States.

Their combined assets give us the largest writing capacity of any agency in the city of Portland.

We can give you immediate coverage and delivery of policy. Prompt and equitable settlement in case of loss.

With heavy interests in the community, a thorough knowledge of all lines of the insurance business, lowest rates and best of companies, is it not reasonable to suppose that we can give you better and more valuable insurance service than the wandering solicitor who may or may not be in the business when your loss occurs?

PLACE YOUR INSURANCE BUSINESS AT HOME and when a loss occurs you will be dealing direct with an agency you know and one that will give your claim the attention it deserves. Phone Col. 161 for rates. PENINSULA SECURITY COMPANY.

For Sale for a Short Period

My home number, 929 N. Syracuse street. The ground is 50x100 and has seven fruit trees in bearing. The house has six good rooms and an extra dormer that may be used for a bedroom. Full cement basement with wash trays; an economical furnace that heats the whole house. Bath room; bed rooms all have proper closets. The place has always been kept in excellent repair and during the past summer was tinted and painted inside. This is a proposition that is near the St. Johns Terminal, within walking distance and in line with an advance in price as the Terminal progresses. The premises may be inspected by applying to the owner or to Mr. Downey, the neighbor just north of the house. W. H. BONHAM.

The OLD RELIABLE

Cash and Carry Grabateria

We know that St. Johns had a prosperous Thanksgiving; we know that St. Johns people were at least well fed. If you saw the store and stock the day or two before the Holiday and then the day after the evidence would be conclusive evidence.

Do you know the Cash and Carry Stores in St. Johns are making it easier for you to live?

The prices we give you are not based on a loss of accounts, the pay of a bookkeeper, or the delivery of a cake of yeast. If you are in the habit of buying your Groceries at the store using the old plan of service just drop out of it for a month or so and try dealing for cash at the Cash and Carry Grabateria. If you do not make a saving of \$3.00 or \$4.00 perhaps more in that time it will be because you grew extravagant because of the more favorable prices.
