

ST. JOHNS REVIEW

VOLUME 16

ST. JOHNS, PORTLAND, OREGON, FRIDAY, FEBRUARY 13, 1920.

NUMBER 14

ANOTHER GOOD MEETING

The St. Johns Community Club held a splendid session at the club house of the Portland Woolen Mills Tuesday evening. The attendance was larger than at any previous gathering of the club, and good fellowship and a blending of earnest effort and heartiest interest in the betterment of conditions in this community was clearly manifested in the helpful talks given. The gathering was a representative one and was presided over by Chairman Monahan in fine style. A pleasing feature of the evening was a dinner prepared by the cafeteria department of the club house. Sergeant Crane was placed in charge of the social features and before dinner was served he led in singing, "Columbia, Gem of the Ocean," which was joined in by all. The Woolen Mill orchestra, under the able leadership of Elmer Sneed, discoursed a number of fine selections during the dining hour. After the appetizing repast had been well taken care of, Sergeant Crane favored the gathering with a couple choice vocal selections and Chairman Monahan made a neat little address in which he paid tribute to the woolen mill management, and introduced E. L. Thompson as the principal speaker of the evening. Mr. Thompson remarked that to Mr. Monahan, whom he termed the father of St. Johns, really belonged the credit of the woolen mills locating here, as it was largely through his untiring efforts that they were induced to locate in St. Johns. He said the woolen mills had never shut down for want of orders or on account of a strike, although during the money panic of a few years ago it took a mighty struggle to keep things going. He gave an account of how things were managed at the mills so that harmony and good feeling between employer and employee was ever in evidence. Incidentally he stated that the employees of the woolen mills were the best paid of any other like institution in the United States for the same number of hours. He said the woolen mills started fifteen years ago on a capitalization of \$50,000 and the first of the year the inventory showed \$1,228,000. There are 450 employees at the present time.

RECEIVE MACHINERY

As a number of our citizens are interested in the Silver King mine, the following extracts taken from the Albany Evening Herald will do doubt prove of interest:

The Silver King Mining Co. today sent a car of machinery and power plant equipment to Gates to be taken into the mine and Carl N. Anderson, mining engineer, employed by the company, and E. E. Williamson, of Albany, vice-president of the company, left Albany to direct the beginning of construction of a power plant, and other equipment necessary to a full development and operation of what the company officials believe to be one of the best mines on the coast.

J. J. Langmack, of Portland, president of the company, came to Albany late yesterday with Mr. Anderson to hold a conference here with Mr. Williamson and Judge W. S. Risley, secretary and treasurer of the company. Mr. Langmack left for Portland today.

The car of machinery and power plant equipment was purchased or constructed in Portland. Officials of the company said that they have laid plans to put in a large power plant, and begin driving 1,500 feet of tunnel under a high ridge in which the company owns three rich ledges of gold-silver-lead ore preparatory to mining the ore and putting it on the market.

The company has done prospecting on the properties for five years and several expert mining men have visited the properties and all have given the opinion that they are very rich in high-grade ores in sufficient quantities to warrant operations for more than 50 years.

The car of machinery and equipment that passed through Albany today for the mines consisted of a compressor, a large air tank and a large quantity of 12-inch pipeline. The compressor weighs 8,200 pounds and the power plant weighs 8,600 pounds and both are claimed by the company officials to be the largest ever set up in the Santiam Valley.

Mr. Langmack said today that the company has no doubts that the mines will be in operation in a short time and that ore in large and paying quantities will be taken out. He thinks the mines will be a great thing for this valley. He recently drove over the road from Lyons to the properties and says the road which is on a water grade, is in fine condition except a short stretch which is yet to be graded.

Rev. J. T. Merrill, pastor of the Congregational church, is conducting special services every evening at the church at the corner of Richmond and Vanhook streets. He is being ably assisted by Rev. T. S. Winney, who is an eloquent and pleasing speaker. Special music is being planned. Everybody invited to these meetings.

SILK SHIRTS \$5.00 to \$12.00. ROGERS.

BE A BOOSTER

Boost your city, boost your friend. Boost the lodge that you attend. Boost the street on which you're dwelling. Boost the goods that you are selling. Boost the people round about you. Boost the man for whom you labor. Boost the stranger and the neighbor. Boost to be a chronic knocker. Boost to be a progress blocker. Boost to make your city better. Boost it to the final letter.—Ex.

IT REALLY HAPPENED

If you want to live in the kind of a town Like the kind of a town you like. You needn't slip your clothes in a grip And start on a long, long hike. You'll only find what you left behind. For there's nothing that's really new. It's a knock at yourself when you knock your town. If it isn't your town—it's you. Real towns are not made by moon afraid. Least somebody else gets ahead; When everybody works and nobody shirks. You can raise a town from the dead. And if while you make your personal stake Your neighbor can make one too. Your town will be what you want to see. It isn't your town—it's you.

Food Drafts may now be secured at the Peninsula National Bank.

These drafts are issued in denominations of \$10 and \$50 and are drawn on warehouses in the following cities: Hamburg, Vienna, Warsaw, Budapest and Prague. No commission is charged for what the drafts are good for what the denomination calls for in food at the warehouses above mentioned. The Food Draft must be mailed to the person to whom you wish to give the food. The receiver must present the draft at the warehouse on which it is drawn within ninety days of the date of issue, either by the receiver or his properly constituted representative.

The Woman's Christian Temperance Union will meet next Monday at 2 p. m. with Mrs. O. W. Linquist.

1027 North Central avenue. Come and hear the paper by Mrs. J. C. Scott on "Spiritual Christianity in Our Union."—Reported.

Mr. and Mrs. C. H. Derrie entertained the Jolly "Stein Club" in a delightful manner at their home on Oswego street Wednesday evening. In the game of 500 Mr. and Mrs. Boyd captured first prize and Mr. and Mrs. McLenn guest prize. Refreshments of a delicious nature were served.

The Greater St. Johns Realty Co. is opening up headquarters in the building adjoining Ormandy Bros. furniture store on the north. The proprietors are Messrs. J. W. Lee, V. F. Cochran and John Elkins. They expect to be ready for business in about a week.

The Huff Studio, 204 N. Jersey street, has installed a new and up-to-date lighting system for the studio. We endeavor to equip our studio with all the necessary instruments, backgrounds, newest mounts, etc. In fact, we spare no pains or effort to try to give our customers as good work as can be made in Portland. Call on us for any kind of photograph. Sittings made on Sunday by appointment only.—C. A. Huff, Photographer.

Miss Dixie Lewis, daughter of D. C. Lewis, was brought home last Saturday from the Portland Convalescent Hospital where she had been for the past eight weeks, and although improved, it will be some time before she will be permitted to see her friends.

A DISTINCTION

An Insurance Solicitor is an individual who solicits your insurance and if favored with your business places the same with an Insurance Agent. In case of loss you will be obliged to deal with the agent who may or may not be in a position to give your claim the attention it deserves.

An Insurance Agent is a duly qualified representative of the Company issuing your policy. He must necessarily have the authority and ability to bind his company to give you the best protection in proper manner. You deal direct with him in case of loss. We are INSURANCE AGENTS. We issue all policies direct and in case of loss or claim you deal directly with us.

W's Insure Anything Insurable.

Why the Electric Cleaner

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
