

\$100,000 a Year To Insure Convenience Come and see the SELLERS

We want every woman interested in making housework easier to see and inspect the beautiful Sellers Kitchen Cabinet—generally voted the world's most convenient kitchen cabinet.

We want you to see how and where have been added special improvements which cost the manufacturers over \$100,000 extra each year, and which make the Sellers the ideal of thousands of women.

These are not mere features, made for selling purposes. The conveniences to which we refer are major improvements of vital need—never before combined in any cabinet. Found only in

SELLERS KITCHEN CABINET

"The Best Servant in Your House"

The famous Automatic Lowering Flour Bin—a "Sellers" invention, is conceded the most important improvement ever made in a kitchen cabinet. \$52,000 extra each year, more than ordinary flour bins cost, is the price paid to supply this convenience.

The Automatic Base Shelf Extender—which costs \$9,000 extra each year—the Ant-Proof Casters, a \$10,000 extra feature—the Oil Hand-Rubbed Finish, costing \$9,750 extra each year—Dust-Proof Base Top underneath the Sanitary Porcelain Work Table are others. Altogether there are 15 long wanted improvements never before combined in any cabinet.

Yet the Sellers costs you no more than any good cabinet. Any average home can afford one. We will gladly arrange terms to suit your income.

Come in today and let us demonstrate the Sellers for you.

The Cash and Carry Grabateria The Changing Times

The era of Chain Stores came about because a group of men with large capital could, by starting stores in different localities increase the outlet of merchandise emanating from one source.

The Chain Store system is nothing more than any other store except the buying part is concentrated at one place. The buyers for these stores have their headquarters at the source of production and they buy direct from the packer or the producer.

It goes without saying that a buyer who can buy the same sort of merchandise for several hundred stores can command a better price than a buyer for just one store.

The secret of advantageous grocery prices in St. Johns is this ability to buy in connection with many other stores. That is why you have had established by this store better prices than prevail almost anywhere in Portland.

Coupled with this buying capacity, the activity of the owners, the acquaintance with the locality because of our long residence here ought to convince any one that we can do business at less cost than the average grocery.

We always believed that "a word to the wise was sufficient."

On Sunday Dr. H. F. Jones starts on his sixth year as pastor of the Christian church of St. Johns. During the past five years he has performed wonderful service in upbuilding of his church, as the handsome new edifice on Oswego street, which was erected largely through his untiring efforts and indomitable will, is a splendid testimonial. The Dr. has made hosts of friends here who trust that he will remain with us for many years to come. Men like he are an asset to any community. Dr. Jones is, we believe, the oldest minister of the Christian church in the state of Oregon, in point of continuous service.
