## The Cash and Carry Grabateria The Changing Times

The era of Chain Stores came about because a group of men with large capital could, by starting stores in different localities increase the outlet of merchandise emanating from one source.

The Chain Store system is nothing more than any other store except the buying part is concentrated at one place. The buyers for these stores have their headquarters at the source of production and they buy direct from the packer or the producer.

It goes without saying that a buyer who can buy the same sort of merchandise for several hundred stores can command a better price than a buyer for just one store.

The secret of advantageous grocery prices in St. Johns is this ability to buy in connection with many other stores. That is why you have had established by this store better prices than prevail almost anywhere in Portland.

Coupled with this buying capacity, the activity of the owners, the acquaintance with the locality because of our long residence here ought to convince any one that we can do business at less cost than the average grocery.

We always believed that "a word to the wise was sufficient."

Among the famous bells of the world not one has been associated with events of so great import to humanity as the Liberty Bell. Its prophetic inscription; its appeal to the people to assemble for the redress of their grievances; its defiant clangor that memorial day of the Proclamation of our Independence; its joyous pealings over the completed work of the American Revolution, and its last tolling over the dead of the nation, gives its story an abiding interest to the nation and the world.

A miniature reproduction of this famous bell in the form of a savings bank will be given with every new Savings Account opened at our bank before July 4th, 1920.

Let this Liberty Bell Bank be a means toward establishing your financial independence, by assisting you to acquire the habit of systematic Thrift and Economy.

We want every child in St. Johns to have one of these Liberty Bells, which is the most appropriate type of Home Savings Bank for all free people.
