Mrs. Arlie Bartells and her daughter, Miss Rose, of Tacoma are visiting at the home of Frank E. Smith, 833 N. Jersey.

News print paper is scarce and soaring way up in the clouds in price. Publishers have been advised to keep papers to as few pages as possible in order to conserve the supply.

Among those who have returned from University of Oregon are Margaret Nelson, Gordon Avery, John McGregor, Earl Keliher, Lewis Dunsmore and Russel Meyers. Vera Thurston is home from O. A. C.

So enormous has the demand for cans used in fruit preserving become that the American Can Company is preparing to erect in Portland a \$1,500,000 factory. It is to be of reinforced concrete three stories high and will cover practically a city block.

Rev. J. W. Threlfall, new pastor of the Congregational church, will preach both morning and evening on Sunday. He comes from Boston, Mass., and will have full charge of the work here. His family will arrive within the next month. Sunday school services will be held at the usual hour.

Nine sacks of spuds had poor Rube Lapeen.

He wished to exchange for a bunch of long green.

An "Ad" in The Review

Soon put a deal through.

Now Rube owns a fine limousine.—Skeebink.

We wish to express our thanks and gratitude to the many friends and neighbors for their sympathy and the beautiful floral offerings during the illness and death of our beloved wife, mother and sister, which occurred June 7th.—O. T. Mofford, Mr. and Mrs. Mert Mofford, Mr. and Mrs. Floyd Mofford, Mr. and Mrs. Fred Lane, Mr. and Mrs. John Ankrom, Will H. Snook and families.

A fool-proof davit, by means of which life-boats can be lowered from a sinking ship under the control of one man instead of several, is to be manufactured at a plant to be built either in Portland or at Astoria by the United States Marine Equipment Company. The device has been patented, and the company, which has recently incorporated, plans to invade the marine market on every seaboard of the country.

The Klamath Mint Company, that recently incorporated for \$200,000, has purchased 2500 acres of marsh land on Upper Klamath lake, and a portion of this tract will be planted to sparmint and peppermint this year. Experiments have shown that the Oregon variety of mint is usually suitable for distillation because of its high menthol content. It is claimed that this will be the largest single tract devoted to mint growing in the United States.

A sort of white elephant in the shape of the Monarch Lumber Mill has been harnessed and put to work. This huge mill, which is capable of producing 31,250 feet of lumber an hour, operated only a short time after it was finished, was entangled in litigation and has lain idle ever since. It has now been taken over by Lester W. David, an enterprising lumberman, is furnishing employment for 175 men, and is producing a lot of good lumber at a good profit.

Mr. Willis B. Vinson and Miss Alma Rhorer were united in marriage at Silverton Thursday, June 24th, Rev. E. W. Ingalls, formerly pastor of the M. E. church here, performing the ceremony. The groom is the son of Mrs. E. D. Vinson, has hosts of friends and is well liked by all who know him. The bride is a charming young lady of Corvallis. Their numerous friends join in wishing them a very pleasant and happy voyage down the sea of life together.
