### The Cash and Carry Grabateria The Changing Times

The era of Chain Stores came about because a group of men with large capital could, by starting stores in different localities increase the outlet of merchandise eminating from one source.

The Chain Store system is nothing more than any other store except the buying part is concentrated at one place. The buyers for these stores have their headquarters at the source of production and they buy direct from the packer or the producer.

It goes without saying that a buyer who can buy the same sort of merchandise for several hundred stores can command a better price than a buyer for just one store.

The secret of advantageous grocery, prices in St. Johns is this ability to buy in connection with many other stores. That is why you have had established by this store better prices than prevail almost anywhere in Portland.

Coupled with this buying capacity, the activity of the owners, the acquaintance with the locality because of our long residence here ought to convince any one that we can do business at less cost than the

We always believed that "a word to the wise was suficient."

Quite an explosion took place Thursday afternoon at the shop of Mr. Ralls on Philadelphia street. He was in the act of soldering a big gasoline tank when it exploded with terrific force. The force of the explos-ion blew out the windows in the front and back of the shop, but fortunately Mr. Ralis was unin-jured. He had tested the tank before beginning to solder, and it is presumed that the gas must have been confined in the seams

Light refreshments were served, after which Mrs. Effa Beam, in behalf of the assembled guests and those who could not attend, presented Mrs. Keough with a cut glass jelly dish, as a token of loving remembrance from the Neighbors of Woodcraft, of which she is a valued member. Mr. and Mrs. Keough have since moved to their new home at Newberg. We wish them success and hapiness.
