Then South America

Then ramble down the Andes with Dr. G. Whitfield Ray, exploring the little-known interior of South America, travel through the vast tropical jungles and float down the great silent rivers.

And New Zealand

And visit New Zealand, the South Sea Utopia, with Lelia M. Blomfield and the native Maori Singers, seeing and marveling at this country of wonderful beauty and become acquainted with its progressive and interesting people.

Sunday School Superintendent: "Who led the children of Israel into Canaan? Will one of the smaller boys answer?" No reply. (Superintendent somewhat sternly): "Can no one tell? Little boy on that seat next to the aisle, who led the children of Israel into Canaan? Little Boy (badly frightened): "It wasn't me. I—I just moved yere last week I'm Mizzoury."

Some wives look at their husbands proudly, as though to say, "I made a man of him!" Others, less assuming, content themselves with thinking, "Well, I have done my best."

Why the Electric Cleaner

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt, and if you like the exercise and have plenty of time and strength a broom and carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
