

Parnells Are Coming

Two Splendid Entertainers at Chautauqua on Sixth Day

For many years the Parnells, who come to Chautauqua for two programs on the sixth day, have been among the most popular entertainers of the platform, filling an average of two hundred and fifty engagements annually. Both are pianists, readers and impersonators, in addition to being splendid singers, saxophone and cello soloists. With this unusual combination of talents they are enabled to present two programs which for excellence and variety surpass that given by most companies of four or six people. Well indeed may the Parnells be called "the biggest two people company in the country."

"FOURTH LINE OF DEFENSE"

Judge Bale of Columbus Lectures at Chautauqua.

Judge Fred G. Bale, who comes to Chautauqua on the sixth night, is a courageous crusader for those things which make for a bigger and better community. He has a gripping lecture on things fundamental at the present hour, "The Fourth Line of Defense." It is a "fact" lecture, full of meat for the man or woman interested in tomorrow's citizenship, and is resplendent

in a sound advice and hopeful incentive for young and old. Mr. Bale is one of the biggest lecture "finds" of recent years—a man of fire and energy, a clear thinker, a hard hitter. His message is particularly valuable to the young and to those charged with responsibility for their welfare. Hear him—he's worth while.

Why the Electric Cleaner

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
