Portland Manufacturing Co.

MANUFACTURERS OF

Panels, Berry Boxes, Coffee Drums, Excelsior Grape Boxes, Egg Case Stock, and all kinds of Veneer

FACTORY, FOOT OF RICHMOND STREET

Andrew Speedie, 60, employee of the Raymond Lumber company at Raymond, Wash., was killed by falling into a sawdust conveyor the first of the week. No one knew of the accident until the conveyor became choked, failing to discharge the sawdust into the boiler room. A fireman in ascertaining the reason discovered the body of the man, which had been terribly mangled and which had clogged the machine until it finally stopped. He has a wife in Seattle.

Several beautiful specimens of potatoes were brought into this office the first of the week by Mrs. Frank Lilly of 801 West Charleston street. Five large ones of the Earliest of All variety were taken from one hill. There were also handsome specimens of Early Rose. As an indication that St. Johns soil can produce spuds that can scarcely be beaten for size and quality, these samples are convincing.

The Long-Bell Lumber company is planning to build four saw mills of large capacity within easy reach of Portland and the lower Columbia river district in the near future. It is believed that one of them will be located at St. Johns.

Approximately one and a half million pounds of evergreen blackberries will be marketed in Salem this year, according to estimates by a local cannerman. Based on the prevailing price of six cents a pound they will net the growers \$90,000.

Mr. and Mrs. Elmer Coon have moved to Hood River in hopes of improving Mr. Coon's health, and already he is feeling much better.

Notice of Meeting of County Board of Equalization

Notice is hereby given that on Monday, September 13, 1920, the Board of Equalization of Multnomah County will attend at the office of the County Assessor, at the Court House in Portland, and publicly examine the assessment rolls for the year 1920, and correct all errors in valuation, description or quality of lands, lots or other property, assessed by the County Assessor. And it shall be the duty of persons interested to appear at the time and place appointed, if it shall appear to such Board of Equalization that there are any lands or lots or other property assessed twice, or incorrectly assessed as to description or quantity, and in the name of a person or persons not the owner thereof, or assessed under or beyond the actual cash value thereof, said Board may make proper correction of the same. If it shall appear to such Board that any land, lots or other property assessable by the Assessor are not assessed, such Board shall assess the same at the full cash value thereof.

HENRY E. REED,
County Assessor,
Portland, Oregon, August 20, 1920-41.

Residents of St. Johns having taxes and city liens to pay in Portland can make their payments without inconvenience by availing themselves of our services. We will pay same and secure your receipt without inconvenience to you. Fee, 25c. References: Any St. Johns Bank—Peninsula Title, Abstract and Realty Co., by H. Henderson, Manager; 402 North Jersey Street.

**RENFREW
NUVOGUE
FABRICS**

All cotton
Cool weather fabrics
Washable colors
High colored check
and plaid effects
For children's dresses,
suits, skirts, etc.

The same mill makes the Nuvoque Fabric that makes the well known Devonshire. The Nuvoque contains the same coloring just as far as the heavier fabric will take the dye. But the New Vogue is designed for cooler weather and is therefore woven from softer, heavier thread than the Devonshire.

The Devonshire 32 inch fabric is now known as the best School Dress material on the market. The colors are almost invariably fast. The mill is as conscientious about this part of the business that a very large quantity was recalled after it was in the hands of the retailers because of a mistake that was discovered after the goods had left the mill.

The Gingham we carry are narrower than the Devonshire and are of standard quality and lighter weight than the Devonshire but are cheaper and so well known for School Wear that almost every child will have a dress of this material.

--THE PRICES--

The fall patterns of both the fabrics are in our warehouse but as they take a higher price than the spring patterns we advise selecting from the older patterns while they last.

We have been asking 35c, 40c and 45c per yard for them and you may continue to have them for the next two weeks at that price.

They will not last many days when the program for making School Dresses is in full swing.

Your girl must have school shoes and stockings, hair ribbons and bloomers. These will be selected from a stock of reliable, properly priced merchandise if you patronize our store.

Boys' Suits---

Boys' Shoes and Hosiery

We have talked about that first impression your boy makes at school. If it is a good one that same impression will help him through the term.

To attain that end he must be well dressed, clean and manly appearing and we can make just that sort of a boy out of him right at your own store in St. Johns. He can be fitted from head to toe and can be made as proud as a king at a price that you can pay. Why? Because we know you and have bought goods for you for fifteen years.
